Weekend P e s n i n g B a n d B o u n d m e n e r l G o w n

Welcome Weekend

Welcome Weekend is a four-day event to introduce new ONU students to campus life! Led by Orientation Leaders, students learned all of the ins and outs of being a Polar Bear. The goal is to make everyone feel comfortable.

Service learning is also a part of the weekend with Ada Civic Engagement (ACE) Day. Students volunteer at local businesses and organizations completing tasks like painting and cleaning.

Each year, Student Senate hosts an event that involves more than 150 organizations,

local businesses, and University offices, known as Welcome Fest. This event helps new students become

acquainted with the many student organizations on campus as well as local businesses and opportunities in and around the Ada community. Clubs,

organizations, and

businesses hand out knick-knacks, stress balls, cups, t-shirts, coupons, and more! Make sure to stop by next year!

Welcome Fest helped Recycling Club bring in a lot of new members and let us teach some of the students about recycling!

- Aly Milks, Sophomore

Hello, P-Bears!

Welcome Weekend

Welcome Fest

Welcome Fest is a great way for campus organizations and surrounding businesses to let their names be known to our P-Bears!

Solar Eclipse

Looking to the Sky

What a way to start the first day of classes with a "Great American Solar Eclipse!"

On August 21st, 2017; faculty, staff, and students grabbed their protective solarwear

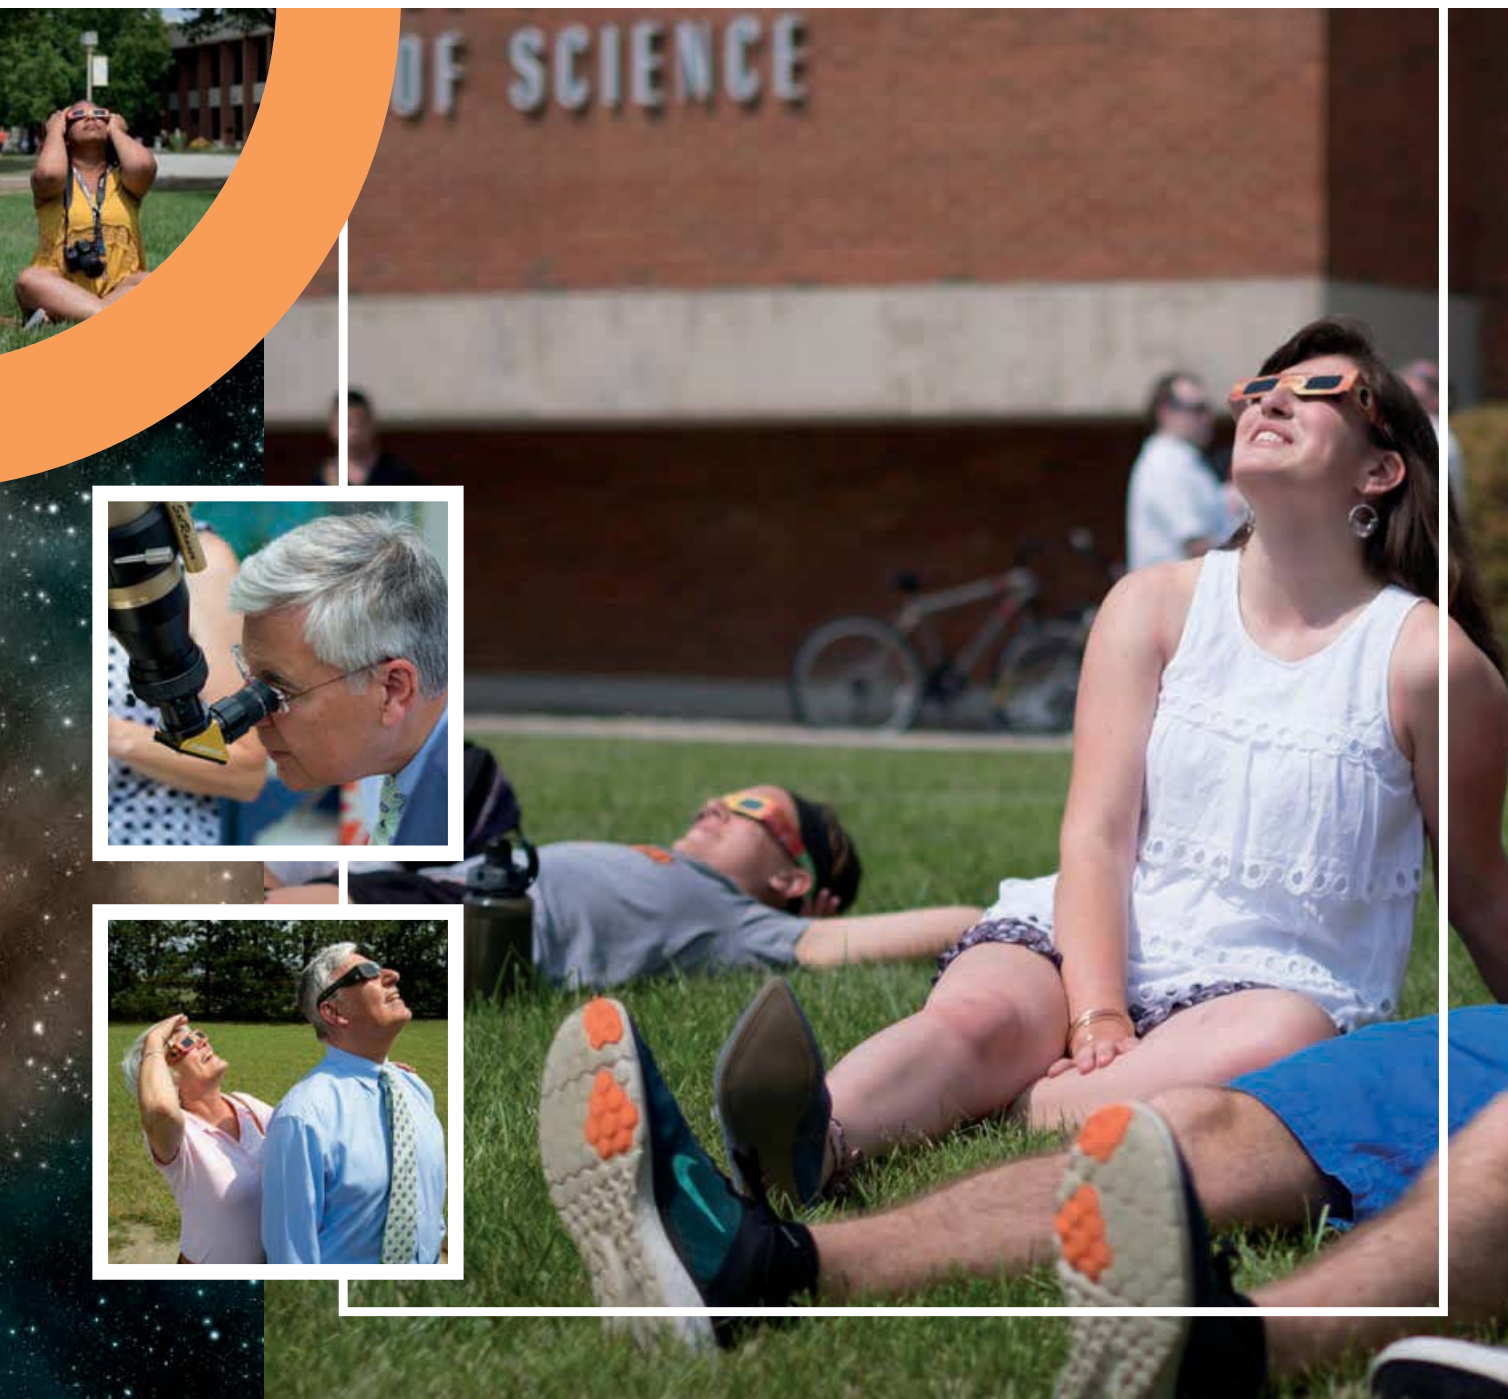

glasses and looked to the sky to experience this rare event. Ada was able to observe the sun's coverage by the moon, at 85 percent. As the

moon obstructed the sun, the sky darkened and the temperature noticeably dropped. Faculty, staff, and students were able to witness near totality. It was an experience

of a lifetime. The next total solar eclipse visible from North America is predicted to occur in 2024.

"They were all witnessing the amazing world of science."

-Garrett

Observatory and Astronomy Club hosted the Great American Eclipse

Many people across our nation celebrated the celestial solar eclipse! The ONU Astronomy Club, along with its advisor and Observatory director Dr. Jason Pinkney, hosted the "Great American Eclipse" at the Ohio Northern Observatory. The ONU Observatory, completed in 2010, experienced its largest event yet with a line of people out to the parking lot! There were five stations for visitors to view of the event. Participants were able to use a projection method to view an image of the sun through a cardboard box as well as view the eclipse through solar telescopes. The ONU Astronomy Club had a very successful event and many were pleased with its outcome.

Cornhole, Candy and Community

Fall Festivities

The Ada Community welcomed vendors and visitors to the 32nd Annual Harvest and Herb Festival street show and parade. Tents full of home goods, services, crafts, food, and information was available that day.

ONU shared news about upcoming shows at the Freed Center for Performing Arts and the new HealthWise mobile health services!

Siblings of ONU students were invited for the weekend. Children filled the streets. Waiting for their fill of candy, students shared the annual community event with their sisters and brothers from home.

Games, food, and fun was available at the tundra for the remaining of the day.

Apples,

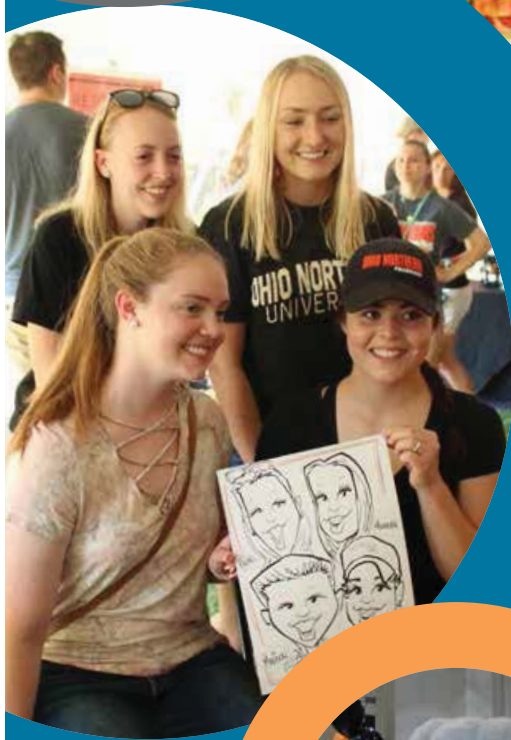

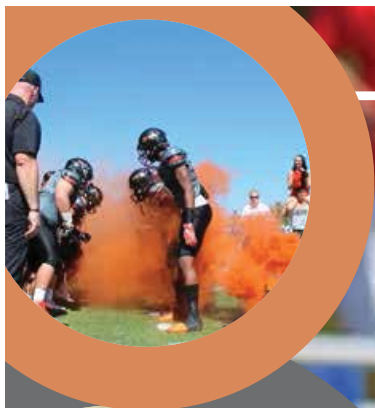

"Out of the Darkness" 5K

Religious Life, Kappa Alpha Theta, Sigma Pi, Kappa Phi, and the Psych Club hosted the "Out of the Darkness Walk" 5K. This walk was created to remember those we have lost and to reduce the stigma on mental health. Walk Coordinator, Kelley Lewis, explains the growth of the walk:

"In 2015, I lost one of my Kappa Alpha Theta Sisters, Jessica Eaton, to suicide. This loss hit home for me and a lot of other people in the community, and I felt like it was time to address this growing issue. When I wanted to act, I heard about the American Foundation for Suicide Prevention and the Out of the Darkness walk. I felt like this was something we could bring to campus to initiate real awareness of suicide prevention. In my first year as walk chair, we earned \$4,000, and this year we earned \$8,400. It has been amazing to see not only the overwhelming support of more than 500 people in the two years combined, but also see how the awareness about suicide and mental health issues has grown on campus in my time here."

Bringing

Memories Out of the Shadows

Baker Dedication

As a part of the Homecoming festivities, a ceremony was held in honor of former President, Emeritus Kendall Baker, and former First Lady, Toby Baker, to dedicate the Baker Commons. The tenth president of Ohio Northern University, Kendall Baker oversaw a time of unprecedented growth on ONU's campus. During his twelve years as president (1999-2011), Baker led the University through a \$100 million dollar comprehensive campaign, saw the steady growth of enrollment, and an increase in the number of out-of-state, international, and multicultural students. Baker also oversaw the development of the Baker Commons Area, which significantly increased the amount of housing available to students on campus.

Homecoming 2017

Homecoming week is designed to capture the essence of Ohio Northern University for students past and present. The fun filled week of activities gave current students a chance to show off their school spirit. Alumni return to campus to revive college memories and connect with their alma mater.

Clubs and organizations hosted student activities during the spirit week challenge, including a food drive, flag football, corn hole tournament, pep

rally, and the infamous mud volleyball! Fall's Prevention Awareness Walk, "Home is Where the Art Is" exhibition, Athletic Hall of Fame Banquet,

and reunion events for Kappa Psi and the classes of 2007 and 2012 kicked off Friday's homecoming weekend.

"It was fun seeing so many alumni and members of the Ada community come out to support us."

"I made many memories this weekend that I will remember forever."

- Kayla Rieman, Junior

Streets were lined early Saturday morning with polar bear alumni, current students, families, and the Ada community for the annual homecoming parade! Breakfast, campus tours, the health fair, and Baker Dedication were prime events for the morning crowd. There were sporting events and alumni gatherings for softball, marching band, and cheerleading, along with countless Greek-Life events!

Homecoming

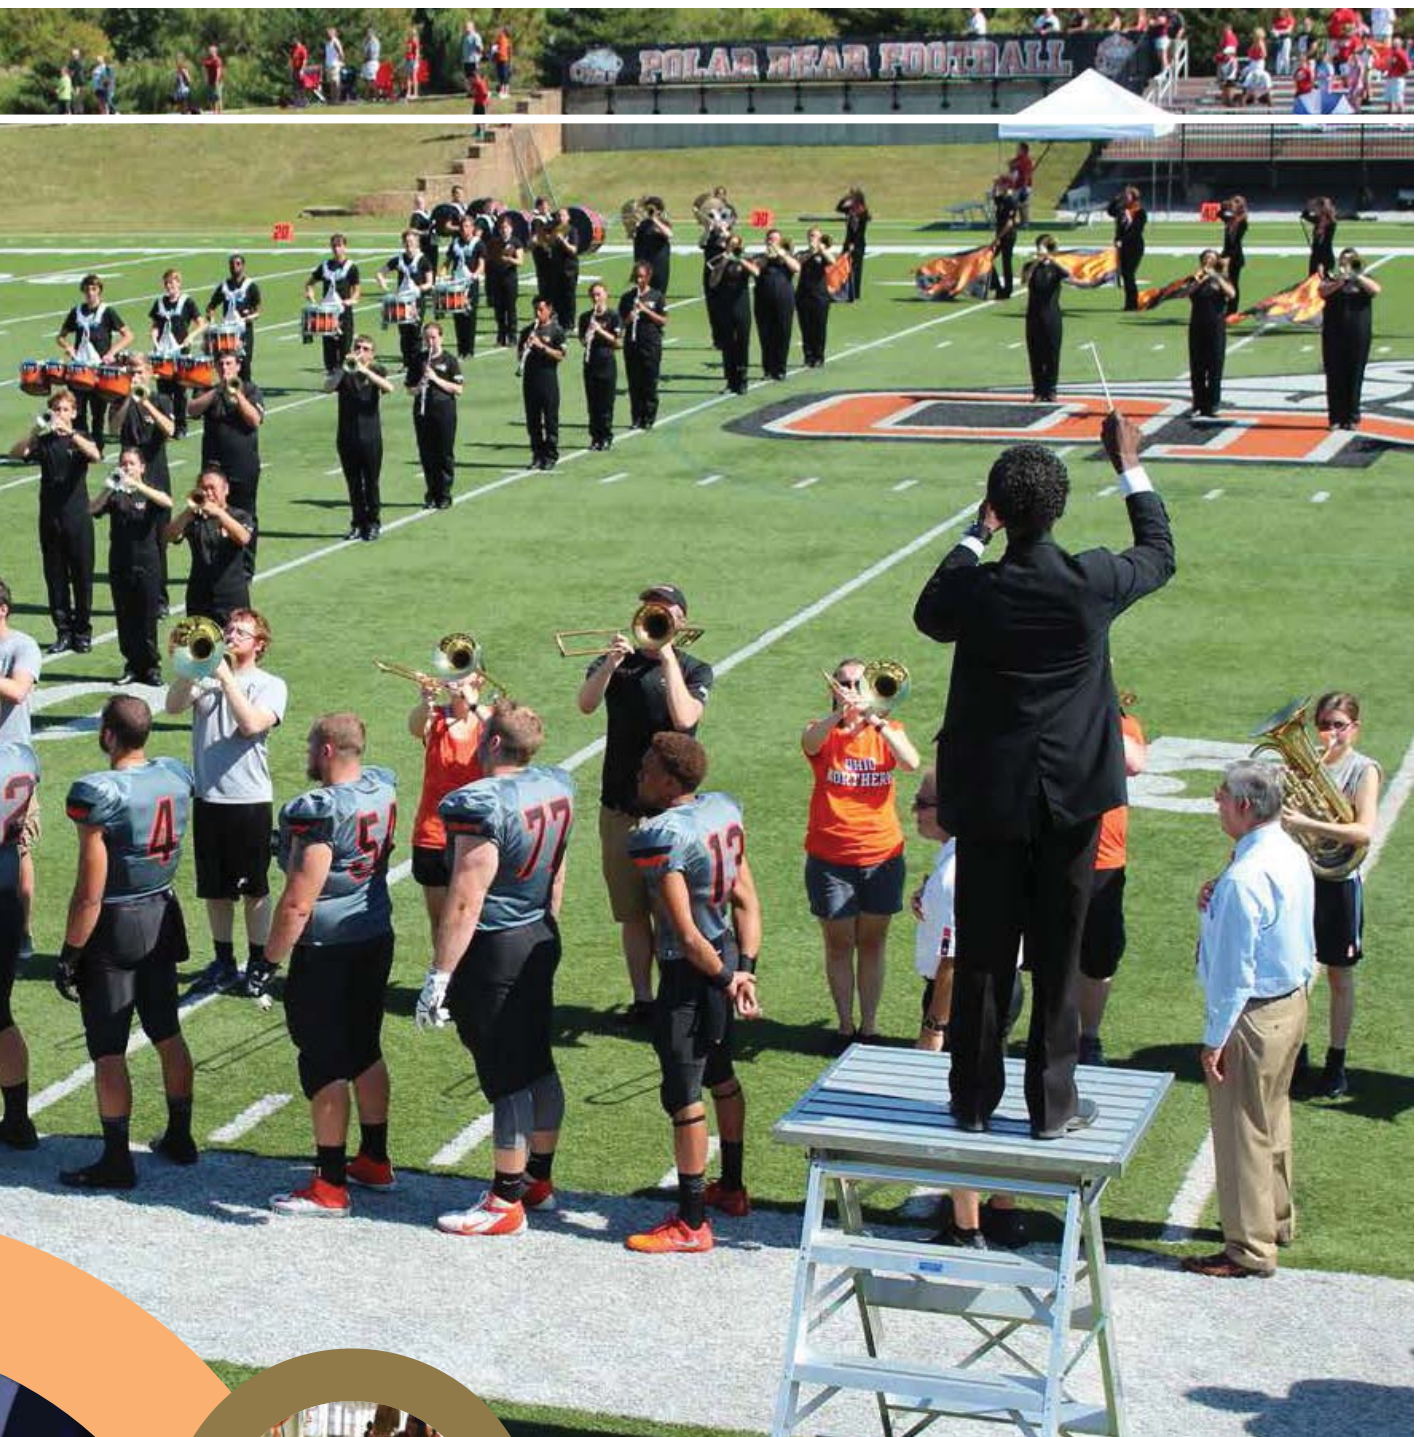

continued

To escape from the beating sun, participants visited the activities tent for giveaways, face painting, caricature illustrations, and ONU clothing. Children didn't miss a beat with the inflatable amusements, adjacent to the tent!

The football and soccer stadiums were packed with roaring fans that afternoon, with a football win of 35-7! America's Got Talent participant, Catapult, performed with the ONU Dance Company at the Freed Center for Performing Arts, Saturday evening.

This weekend closed with a Scholarship Brunch and Concert, Sunday morning. It was an eventful weekend for the Polar Bears!

Going for the Kill

Volleyball

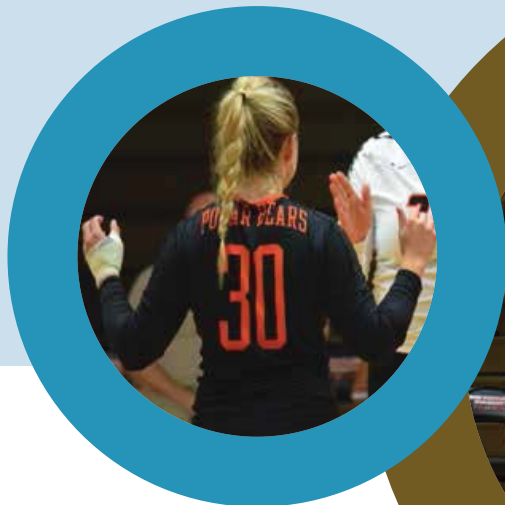

The Polar Bears had an outstanding 2017 season, leaving only 6 games in the loss column. They went 29-6 overall and made it to the Division III tournament!

Once they advanced to the Regional Finals, the girls finally beat Otterbein, one of their

"Our team always has a great time together!"

- Hope Williamson, Freshman

biggest rivals! The volleyball team not only had an amazing record and some incredible stats, they also had a wonderful time off the court! One of their favorite memories was a trip to Panera!

Megan Nieszala, Senior

Megan was the team leader for digs this season, with 591 total digs. She also was the recipient of Honorable Mention All American and was named to the Academic All Ohio Athletic Conference Team.

Katie Wade, Freshman

Katie led the team with 1369 assists this season and averaged 11.04 assists per set. She was also named OAC Freshman of the Year.

Chelsea Huppert, Sophomore

Chelsea closed the season with 407 kills and was also named to the Academic All Ohio Athletic Conference Team. Honorable Mention All American was another award added to her belt this season.

Josie Andres, Junior

Josie was named to the Academic All Ohio Athletic Conference Team and has a total of 79 kills.

This is our

Football

Ranked 35th nationally in HERO Sports division 3 and third in the OAC conference, the Polar bears improved upon their previous season. In 2016, the team held an overall record of 5-5 and was ranked fourth in the OAC conference with a conference record of 5-4. In 2017, the bears held an overall record of 7-3 which was only the 19th

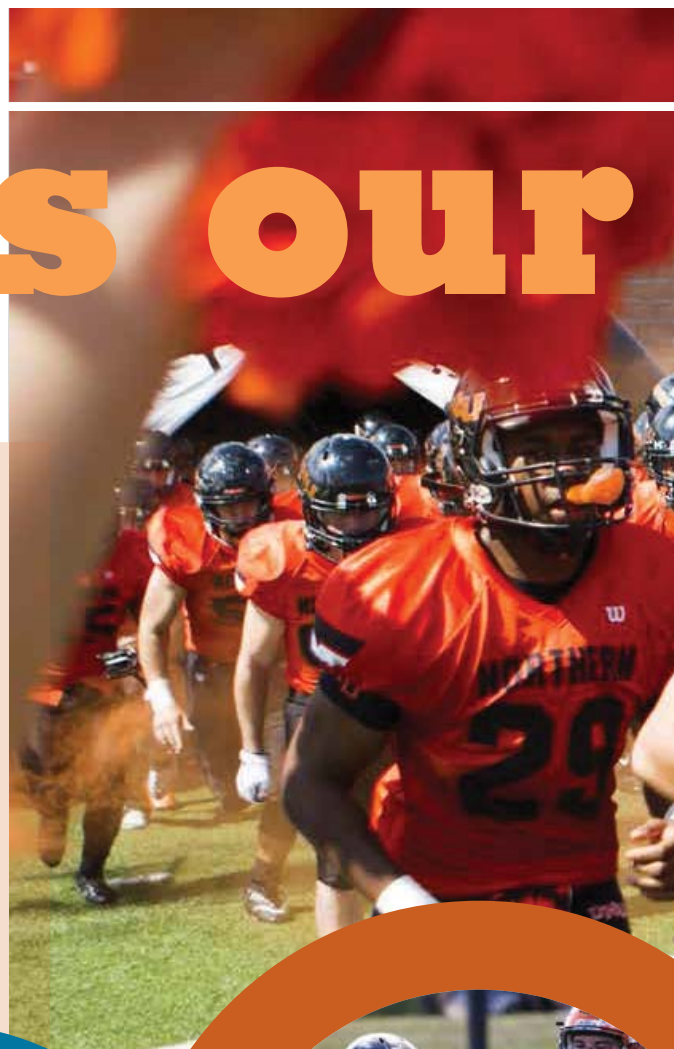

time ONU has had seven wins or more in its 123 year history.

While we were likely 1 win (1 play) away from attaining one of our primary goals (NCA Playoffs), we feel very optimistic about the future.

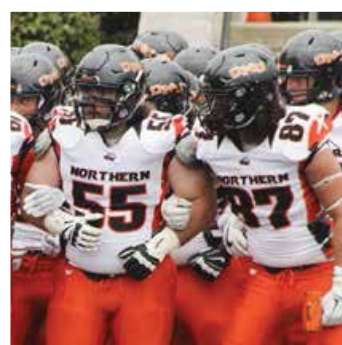

- Dean Paul, Head Coach

The team proudly received votes in the National Poll and several players were recognized

in the All-Ohio Athletic Conference.

The 127th

Marching Band

The Ohio Northern University Marching Band was organized in 1890 through the Military Department at ONU. The band uses a modified corps-style of marching, along with a color guard, twirlers, and off-the-field percussion battery. Led by the field commanders. The band performs at all ONU home football games, several local parades, and various performances around the country. Some performances are even overseas! In addition, the band has been featured at numerous high school

marching band festivals and competitions throughout Ohio. The ONU Marching Band has performed for audiences all over the world. In recent years, the band has performed in Beijing, Shanghai, Rome, Sorrento, Hawaii, Paris, London, Montreal, and Toronto. "The Star of Northwest Ohio", 127th edition, performed in Disneyland, CA, Chicago, and Cleveland in 2017. The band is under the direction of Dr. Charles Bates.

*I've met my best friends,
traveled the world and
been provided with memories
and experiences that
I'll never forget!*

- Claire Kasavich, 2017 Senior

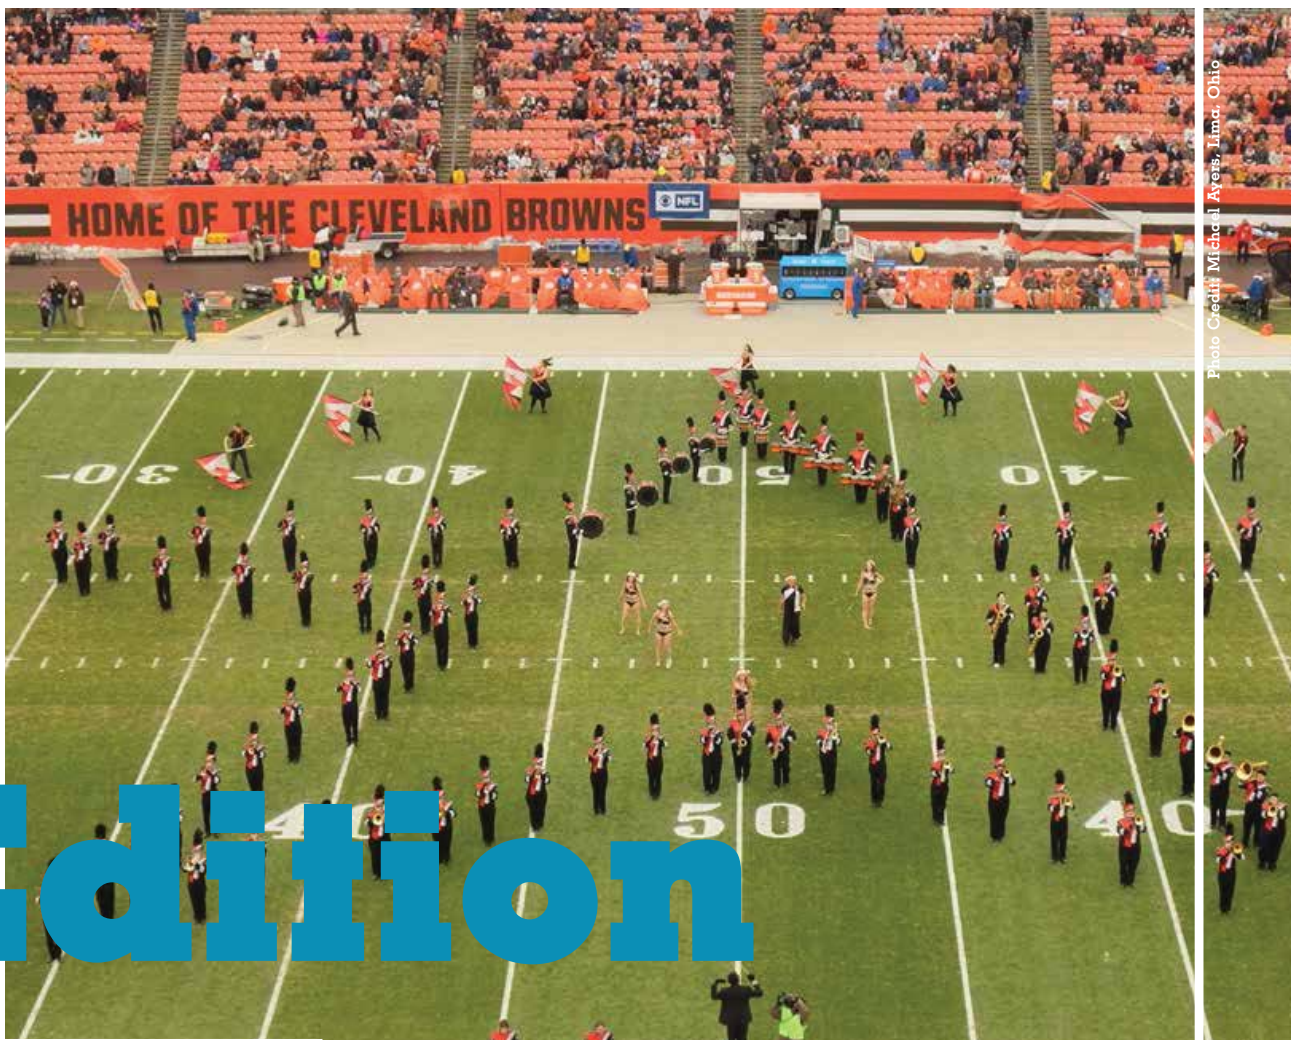

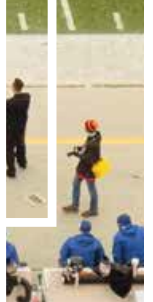

Photo Credit: Michael Ayers, Lima, Ohio

Edition

A Season to Remember

Dr. Bates reflects, "The 127th Edition of the Ohio Northern University Band was truly magnificent; setting performance standards for all future ensembles. The synergy of the 2017 Star of Northwest Ohio allowed them to create world class performances for audiences from Ada to Los Angeles, and from Chicago to Cleveland." The 2017 marching band had another memorable and travel filled season. The season featured performances right at home, at home football games, and as far away as Anaheim, CA at Disney Land. As always, the marching band ups "the bar" every year, and this season ended in a very memorable way: performing an entergetic, christmas-themed show at the half-time Cleveland Browns' home game.

A New Home

for the College of Engineering

Breaking ground for the new College of Engineering building gave ONU great cause for celebration. Members of the Board of Trustees, VPs, faculty, students, and engineering alumni joined President DiBiasio and Dean Yoder in grabbing a shovel for the ground breaking ceremony. The new facility will accommodate 600 students and include more than 10,000 square feet of large-scale project and design space for capstone projects, competitive

design projects, and other direct industry engagement opportunities. Giving the College flexibility to adjust its space to accommodate a variety of projects, the new building will feature more than 2,000 square feet of research labs that can be combined to create spaces for larger projects. Faculty offices will be grouped together and positioned adjacent to classrooms to give students greater accessibility to professors outside of the classroom.

Without question, the most important capital project – not only for the college of engineering but also for the entire university. This building will take ONU engineering to a new level.

-Dan DiBiasio, ONU President

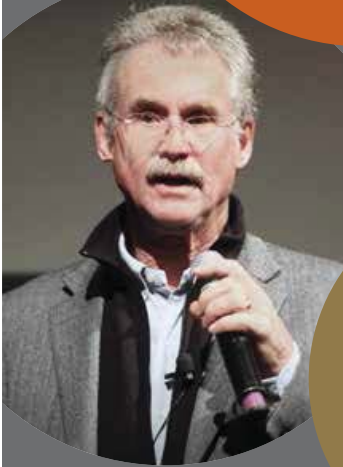

From Dean Yoder:

"As Dean of the T.J. Smull College of Engineering, I'm excited to see this new facility for our students, staff, and faculty. This building will provide additional space for our students and faculty to collaborate in learning, designing, and creating together in the interactive way that makes ONU a special place. More space for student projects, learning laboratories, and team collaboration are at the heart of this design. These spaces will provide even more opportunities for our engineering and computer science students to demonstrate their learning through competition teams, course projects, capstone projects, and other high impact learning practices."

Keiser

Celebrates

Retirement

A Reflection on the Evening

Keiser, not initially in favor of a retirement celebration, reflects on his special evening.

"It's not really my thing,"
Keiser responds, during his interview.

"That night was wonderful and so well done."

Over 100 friends, colleagues, fraternity brothers and former students (some from outside of Ohio) celebrated his accomplishments this evening.

Ohio Northern University celebrates the retirement of Dr. Terry Keiser!

Keiser will embark on a new chapter after working for four outstanding presidents of ONU. Although Keiser influenced many people during his career, he set his eyes on the students. His greatest pleasure as a professor was having the opportunity to educate a variety of students during years of teaching biology.

When asked what was his ultimate success while at ONU,

Keiser remarked "Helping the University establish sustainability, especially with the 3MW solar field."

Although Keiser has retired, the University has welcomed him as a retiree volunteer. His responsibilities include working with campus trees and advancement. Keiser will also have a hand in the second phase of the solar field.

Keiser looks forward to "no set schedule" and some much-needed traveling with his wife, Chris. Keiser intends to stay in Ada, Ohio.

Setting your

Men's Soccer

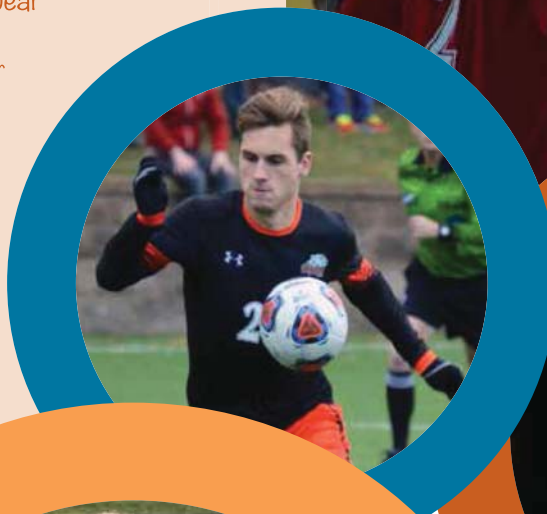

In 2016, the ONU Men's Soccer Team posted its 11th consecutive winning season. Their undefeated non-conference schedule hit the record books, as the first in school history! Seven athletes were named to the All-Ohio Athletic Conference. During this season, they climbed as high as No. 3 nationally, in the NSCAA poll.

A valiant 2017 season effort led to an overall score of 12-6-2. Players

meeting many goals this year, did not meet last year's success on the field but in the class they did! Grade point averages continue to reflect near perfect or perfect GPAs!

"We didn't accomplish all the goals we set, but we still had a lot of success and had a lot of fun playing together. It's always a great day to be a polar bear"

- Mac Tompkins, Senior

Grant Cayot, Senior

This is Cayot's second season appearing on the First Team All-OAC. This season, Cayot tied for first on the team and appeared in all 20 contests. He also had five assists. In his career at ONU, Cayot started in 78 of his 85 games.

J.J. Fortner, Senior

Fortner made his first appearance on the first team All-OAC as a midfielder this season. He led the team and was ranked second in the OAC with 14 goals this season. He played in all 20 contests this season and ended his career with 59 games total.

Chris Garbig, Senior

This is Garbig's second appearance on the All-OAC team. He was also named First Team All-OAC midfielder. This season, he scored two goals and had two assists. He participated in all 20 contests as well. In his career, he has played in 59 games, and started in 40 of them.

Cory Lains, Senior

Lains earned his first appearance on the Second Team All-OAC this year. He was ranked third on the team with having 5 goals and 5 assists. Lains was in all 20 contests this season, having started in 19 of them.

Kicking It Up A Notch

Women's Soccer

Showing tremendous leadership, the seniors led the team all the way to the NCAA Tournament Quarterfinals. Coach of the year, Mark Batman says, "We are very proud of our group!" The freshman showed individual growth both on and off the field by learning what it takes to compete consistently. Sophomores and juniors were consistent

"I'll never forget the bond that was made with my teammates and the goals we were able to accomplish through hard work and perseverance."

-Anna Niemeyer, senior

all year proving how special the team was by supporting everyone on the roster. Overall, the team accomplished some tremendous

accolades this fall. Coach Batman summed it up, "This was a season they'll talk about 20 years from now and

we couldn't be more proud of everyone in our soccer family."

Relationship

Town and Gown

Established in 1957, Town and Gown celebrated 52 years with a banquet in the Ballroom. The evening brought news from the community of Ada and its educational institutions. New faces were welcomed in academics and businesses:

The Center on Central and Hays Insurance. The Ada Police Department has added officers George Schlub, Amy Geiger, and police-K9 Oakley. Reverend Brandi Rigsby,

Ada First United Methodist Church pastor and Rhett Grant, Ada Public Library Director are also new to the community. At Town

and Gown, previous Distinguished Citizen Award Recipients were recognized and the recipient for 2017 was announced, Connie

Fleming. Everyone's investment to Ada, shows a warm welcome for new residents and businesses, alike!

"Town & Gown symbolizes our commitment to work together and to share resources in order to increase the quality of life for all citizens in our community."

-Mrs. Chris Burns-DiBiasio, First Lady

with Ada

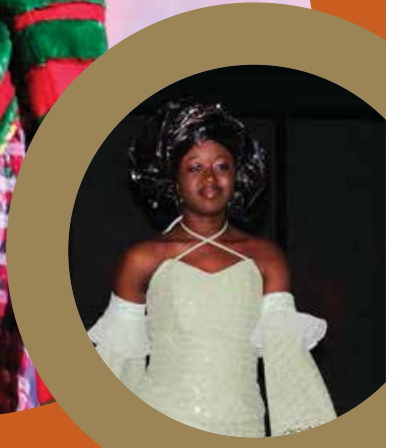

Announcing the 2017 Distinguished Citizen Award

The highlight of the evening was the awarding of the 2017 Distinguished Citizen award to Connie Fleming. A familiar face to Ada, Fleming offers her time, talents, and treasures to the community as President of Ada Library Board of Trustees, Chair at Ada Exempted Village School District Levy Committee, Member and Officer of Philanthropic Educational Organization - Ada Chapter, and an election poll employee. She is known to put others first and serves as a mentor to many. Most describe her as a saint or angel. Fleming attends Ada First United Methodist Church, serving many committees and chairing the financial committee. She is also a proud supporter of the Freed Center for the Performing Arts, here at Ohio Northern University.

A Family Tradition

Holiday Spectacular

For 23 years, the *ONU Holiday Spectacular* has delighted audiences young and old. An integral part of the ONU theatre program, this amazing show played to a sold out house at the Freed Center in Ada and the Civic Center in Lima. More than one hundred students and faculty gave their all to generate audience

applause and laughter. This show, one of the students' favorites, included the *Spectacular* tradition of the "toy

soldier" dance. The exploits of Trixel and Mrs. Claus kept the audience on the edge of their seat and brightened

the holiday season. Be sure to make this a part of your holiday tradition and join us next year!

"Holiday Spectacular not only allows me to dance and sing in front of thousands of people, but to bring joy and Christmas spirit to families of the community. It is one of my favorite annual traditions at Northern!"

- CJ Livengood, Male Ensemble

Alie Campbell - Trixel

"My favorite part about the Holiday Spectacular is that it is a consistent joy that has been spread around Ada and Lima for almost 25 years. Since I have played Trixel three times, I remember the kids in the cast and the patrons, and I love making those connections with them. The show and its cast is a well-oiled machine that truly focuses on the reason of the season!"

Go - Fight -

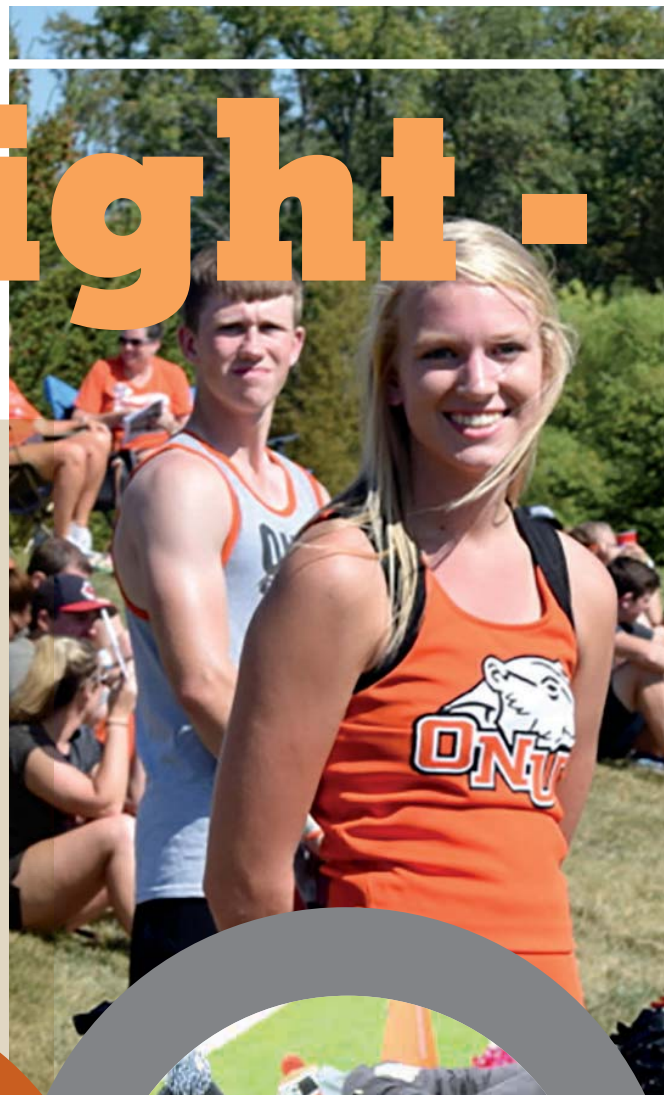

Cheerleading

ONU's Cheerleaders may not score touchdowns, nor baskets, but they keep the crowd in the game and rule the sidelines. They spend countless hours each week perfecting their art and devote themselves to intensifying the Polar Bear Spirit. Leading chants and delighting crowds with their athleticism, the cheerleaders fly through the air with breathtaking stunts. For these folks, cheerleading

is about more than tumbling. They emote exuberance in all areas of the University. By promoting school spirit, ONU Cheerleaders encourage one and all to "Polar Bear UP!"

"In any other sport if you miss the catch, all you lose is the ball."

-Derek Hein, Junior

Win

2016

The Ohio Northern University Cheerleaders & Stunt Bros hosted their Inaugural Cheerleading Competition in spring 2017. Novice and All Star Division teams received an invitation to participate. They focused on helping young aspiring cheerleaders accomplish their dreams through hard work and perseverance!

Cheer is the heart of the competitive attitude at ONU. The team truly worked their way to the top of the pyramid.

2017

The ONU Cheerleaders hosted a cheer clinic in the fall. Elementary students, ages 4 to 9 years, from the surrounding areas received an invitation to come to campus. The eager youth learned fundamental cheers, chants, and stunts. Through the clinic, the cheerleaders focused on giving back to the younger generation. Additionally, the clinic attendees were invited to cheer alongside the ONU cheerleaders in that afternoon's game against Baldwin Wallace. The extra spirit the students brought cheered the team on to victory!

The 2017 team also gained an all new coaching staff: Head Coach, Kristin Stauffer, Assistant Coach, Tammy Schakett (Associate Dean of College of Business), and Assistant Coach, Kristie McHugh (Assistant Professor of Management).

Kristina Kasper, Senior Cheer Captain

Kristina is a P4 from Hinckley, Ohio, who wishes to continue her pharmacy career at ONU. After she graduates she plans to work as a retail pharmacist in the Cleveland area. "I have so many wonderful people to thank for [four years of cheer], and I will truly miss cheering on my P-bears."

Kourtney Hartman, Senior Cheer Captain

Kourtney is a P4 from Bryan, Ohio and sister of both Zeta Tau Alpha and Kappa Epsilon. She has plans to continue her pharmacy education and upon graduation, work as a pharmacist in Ohio. She always expresses how thankful she is for four years of creating long-lasting friendships in the process!

Lizzy Low, Senior Cheer Captain

Lizzy is a nursing major from Solon, OH. She expects to graduate in May. After she graduates, she plans to work as a nurse in Cleveland. Lizzy says she has had so much fun cheering over these 4 years at ONU and will always be a p-bear at heart! Go Bears!!

Kristin Stauffer, Head Coach

Kristin (Krisi) is a 2007 ONU graduate. She currently works at ONU as an Athletic Trainer. This is Krisi's first year coaching the Polar Bear Cheerleaders and currently resides in Ada with her family.

Super Bowl

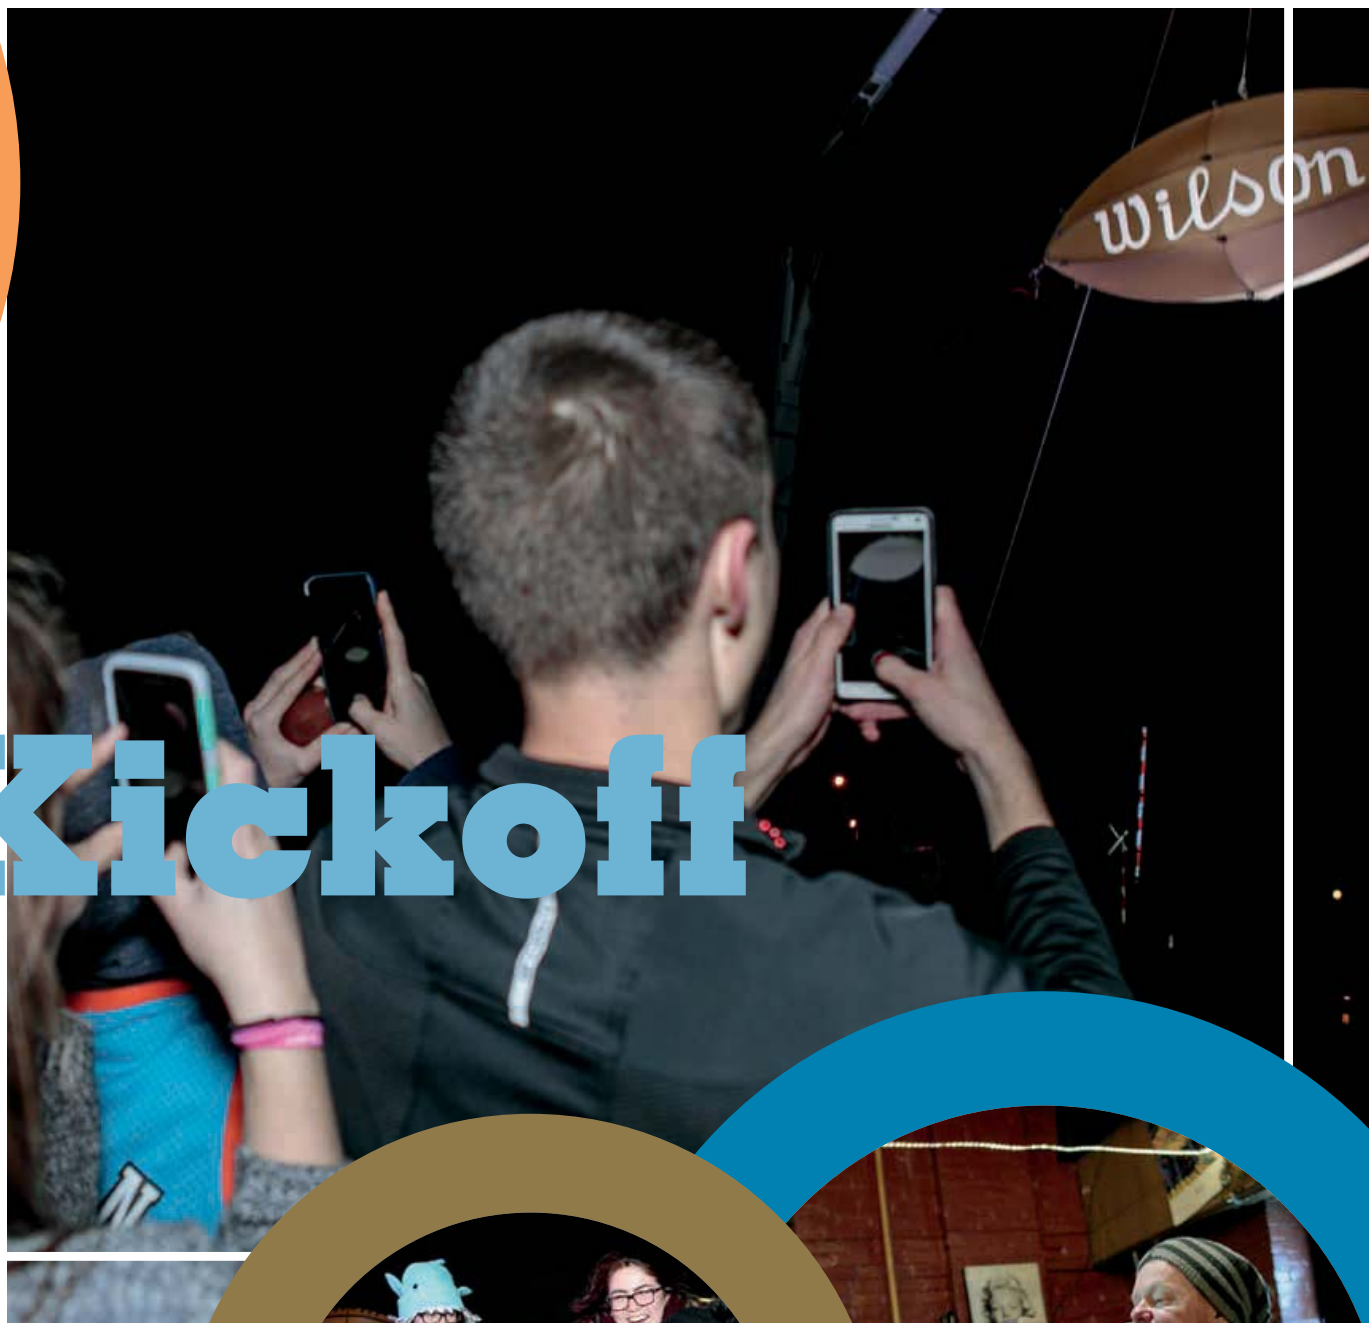

Football Drop

On February 3, 2018 was Ada's second annual Wilson Football Festival, to kick off Super Bowl Sunday! The Ada community and Ohio Northern University come together to make this an unforgettable experience full of fun and activities. Beginning late afternoon, there are events throughout the area, including robotic foot-

ball, obstacle courses, piñata, the iconic ball drop at midnight, and much more! The event gathers almost 40,000 residents and visitors from Northwest Ohio and is free of charge. The ball drop occurs at Historic Depot Park and everyone cheers in excitement. The third annual football event will occur February 2, 2019. See you there!

Kickoff

Hear Us Ro

Men's Basketball

2017 was truly a season to remember and a direct reflection of the resilience, leadership, and toughness of the team. Improvements were made from the previous years. The Polar Bears 2016, 16-10 overall record was improved upon in 2017.

This was their biggest winning season in over 11 years, going 19-9. Polar Bear basketball made a

"I am impressed with the vision and leadership at Ohio Northern! There is a lot of comradeship, working together for the common good of the University and the students."

-Rich Bensman, Coach

grand appearance at the 2017 OAC Tournament; with both men and women representing polar pride! Senior and lead scorer, Nate Burger, was named to the OAC All Tournament Team. Also reflecting OAC Tournament Final Game points;

Senior, Joey DiOrio; Junior, Ryan Bruns; and Freshman, Brandon Waugh.

Travis Feitshans, Senior

"Even when I'm old and grey, I won't be able to play it, but I'll still love the game"-Travis

Alexander Sibila, Senior

"The guys on this senior class and the team as a whole have been my brothers since day 1 at ONU. They're an awesome group of guys and I'm so fortunate to know each and every one of them!"

Nathaniel Burger, Senior

"To whom much is given, much is expected."
Broke the record for single-season scoring record with 642 points, previous record 634 points (1995).

Joseph Diorio, Senior

"Sports don't build character, they reveal it."
-John Wododen

Women's Basketball

The Ohio Northern women's basketball team is consistently in the discussion as being one of the top women's basketball teams in division three. In 2016, the team came out first in the OAC. They blasted through the competition undefeated until their loss in the NCAA division three tournament. Again, this year the team was

ranked first as regular season OAC champions. During their post season, they were the conference runner ups. Their overall record was 23-5, with a winning percentage of 82%.

Swimming and Diving

Swimming and Diving is certainly a one-of-a-kind sport! The team is so passionate about each other and everyone's success. They are truly a family and have all the value to go with it! The ONU pool may be small, but there is not a bad seat in the house. Fans sit on the second floor to view the action

The team did an excellent job setting themselves up for some great performances!

-Coach Ewald

from above. The team's many accomplishments include setting the school record for the 200 m. backstroke, and raising \$7,000 for children in Cambodia. The team also broke the Guinness World Record for the most people treading water at the same time by inviting 1,078 participants!

Splash

Braden Kuhn, Senior

"Swimming and Diving has been an enormous part of my life the past four years. I will be sad to move on but I am glad I can count on my team and coaching staff for the rest of my life."

Kierra Watson, Junior

"This season has been the best yet! The memories and friends I have made on the team will be lifelong, and that is rare to come by."

Ian Simpson, Senior

"I have swam all four years at Northern and am so proud of how far this team has come. This team has proven to be one of the most successful seasons and has been incredible to be a part of."

Alex Blar, Senior

Centerville native enjoys how the lifestyle pushes his limits both mentally and physically. After college, he plans to work as a Transportation Engineer with the Ohio Department of Transportation.

Brad Taton, Senior

This Business Management major, marketing minor plans to work in Cleveland after graduation and continue active hobbies like camping. It's important to note he makes a mean buffalo chicken dip!

Gavin Nelson, Senior

Post graduation, Gavin plans to work in construction to save money so he can return to Oregon, OH, to coach at his old high school and work locally with his Mechanical Engineering degree.

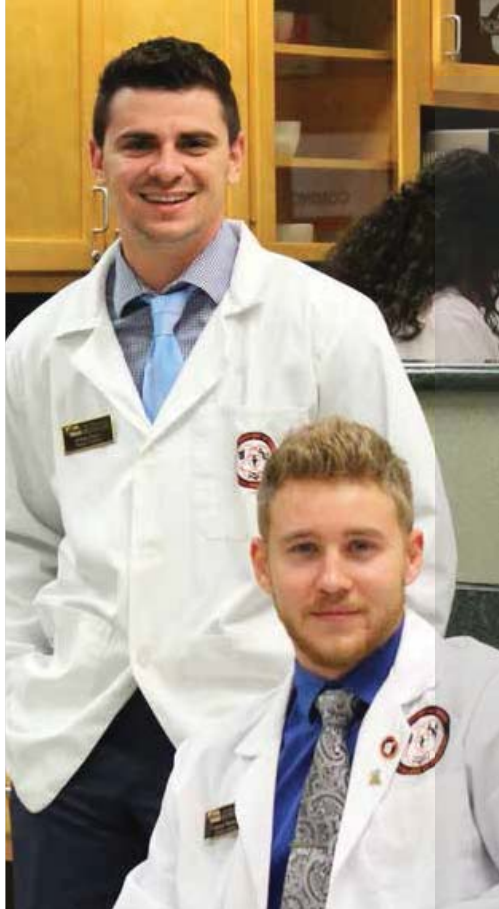

Seth Meyer

After obtaining his Mechanical Engineering Degree, Seth plans on working to save money to travel across the U.S. Ultimately leaving home in Defiance, OH to compete in America Ninja Warrior.

Happy Life, Healthy Life

ONU HealthWise

Wellness and prevention are the primary focus of ONU HealthWise.

All ONU students, employees, and beneficiaries benefit from this program which is staffed by students of the Raabe

College of Pharmacy since 2010. ONU HealthWise also provides outreach programming to the residents of Ada and Hardin

County. Preventative services offered to the community include routine screenings for

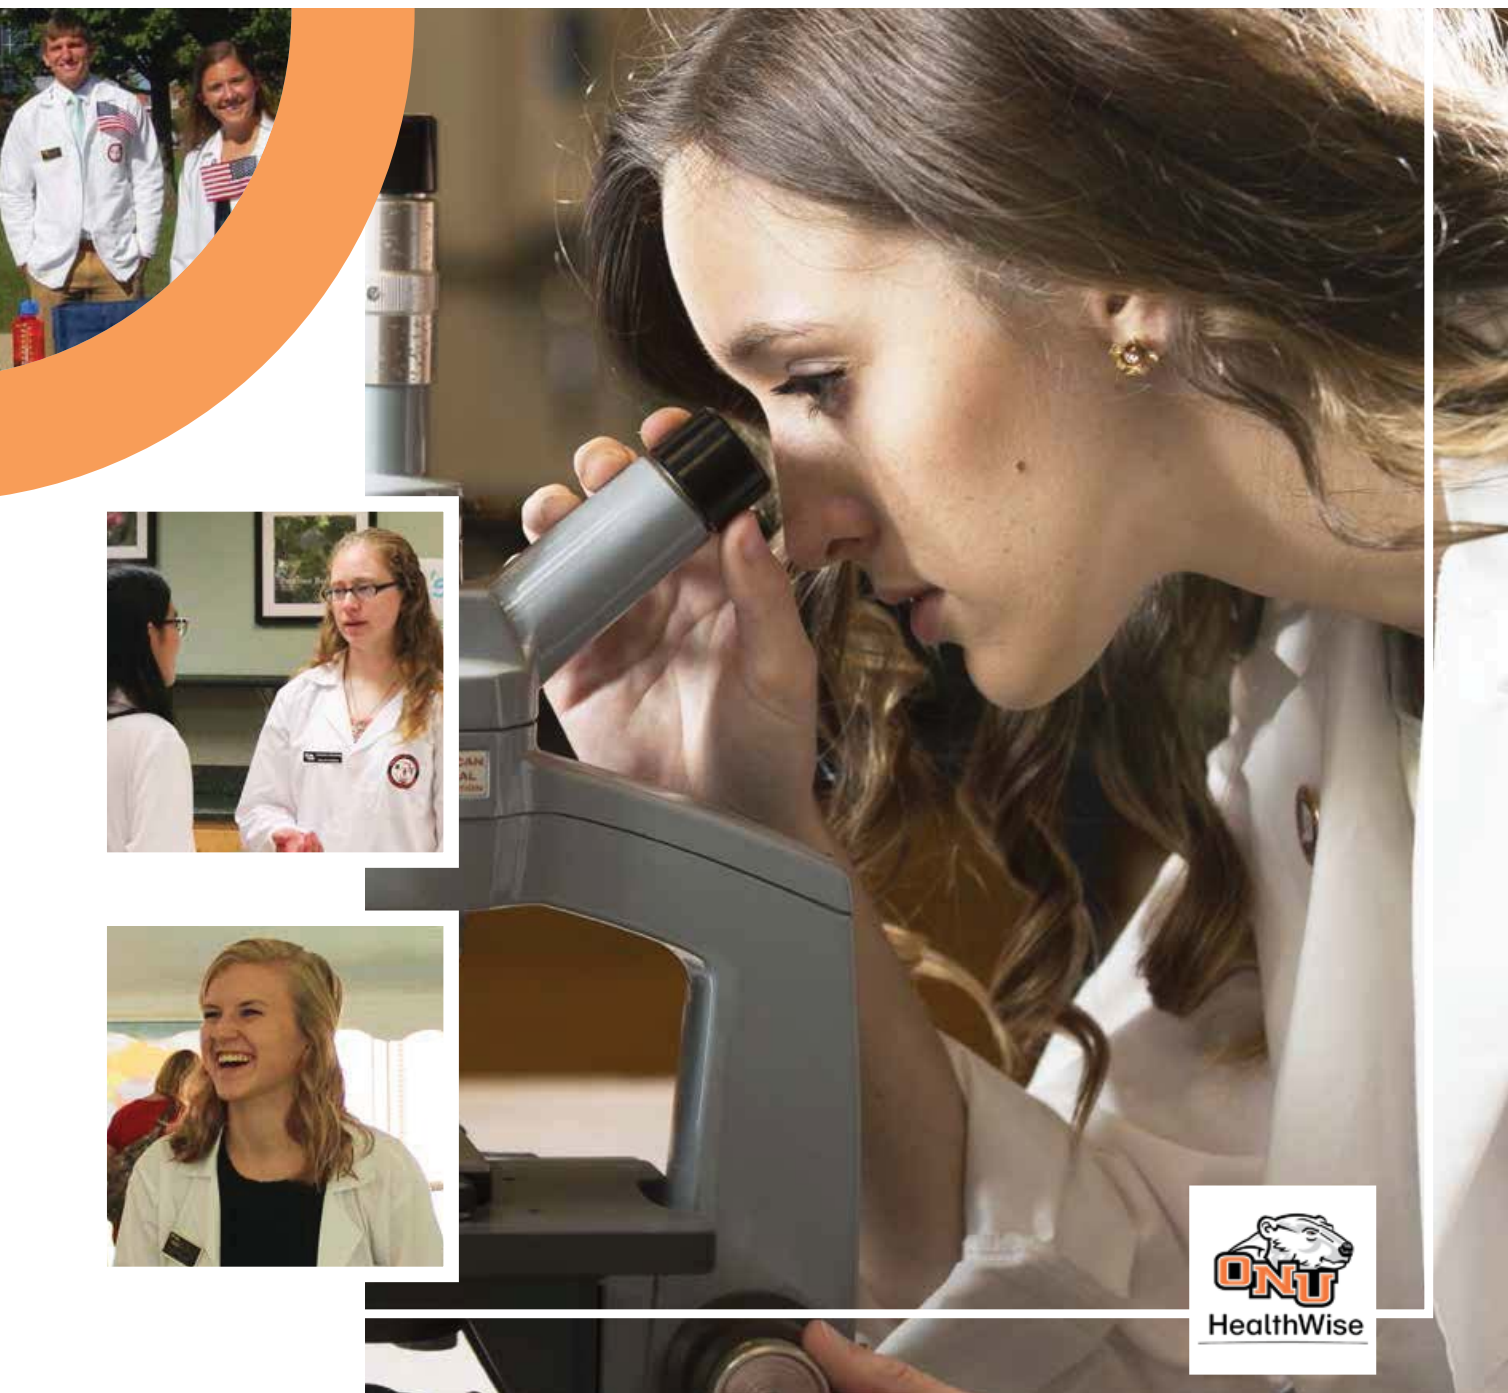

hypertension, diabetes, and other chronic medical conditions.

ONU HealthWise also offers several other

services, such as fitness challenges, the walking programs, and the drug information center.

ONU HealthWise is special because of the multitude of services that it provides to student and employee wellness programs and the Hardin County Community.

- Joseph A. Barnhart/ PGY1

Mobile Health Clinic

Launched in fall 2015, ONU HealthWise has a federally funded health clinic. A new summer investment has benefited all of Hardin County with a new mobile bus clinic. ONU HealthWise, students, and residents provide free healthcare services. This program offers health education, prevention and wellness services, and integration of patients into medical homes in Ohio Northern, the Kenton Hardin Health department, the Hardin Memorial Hospital, and the Kenton Community Health Center.

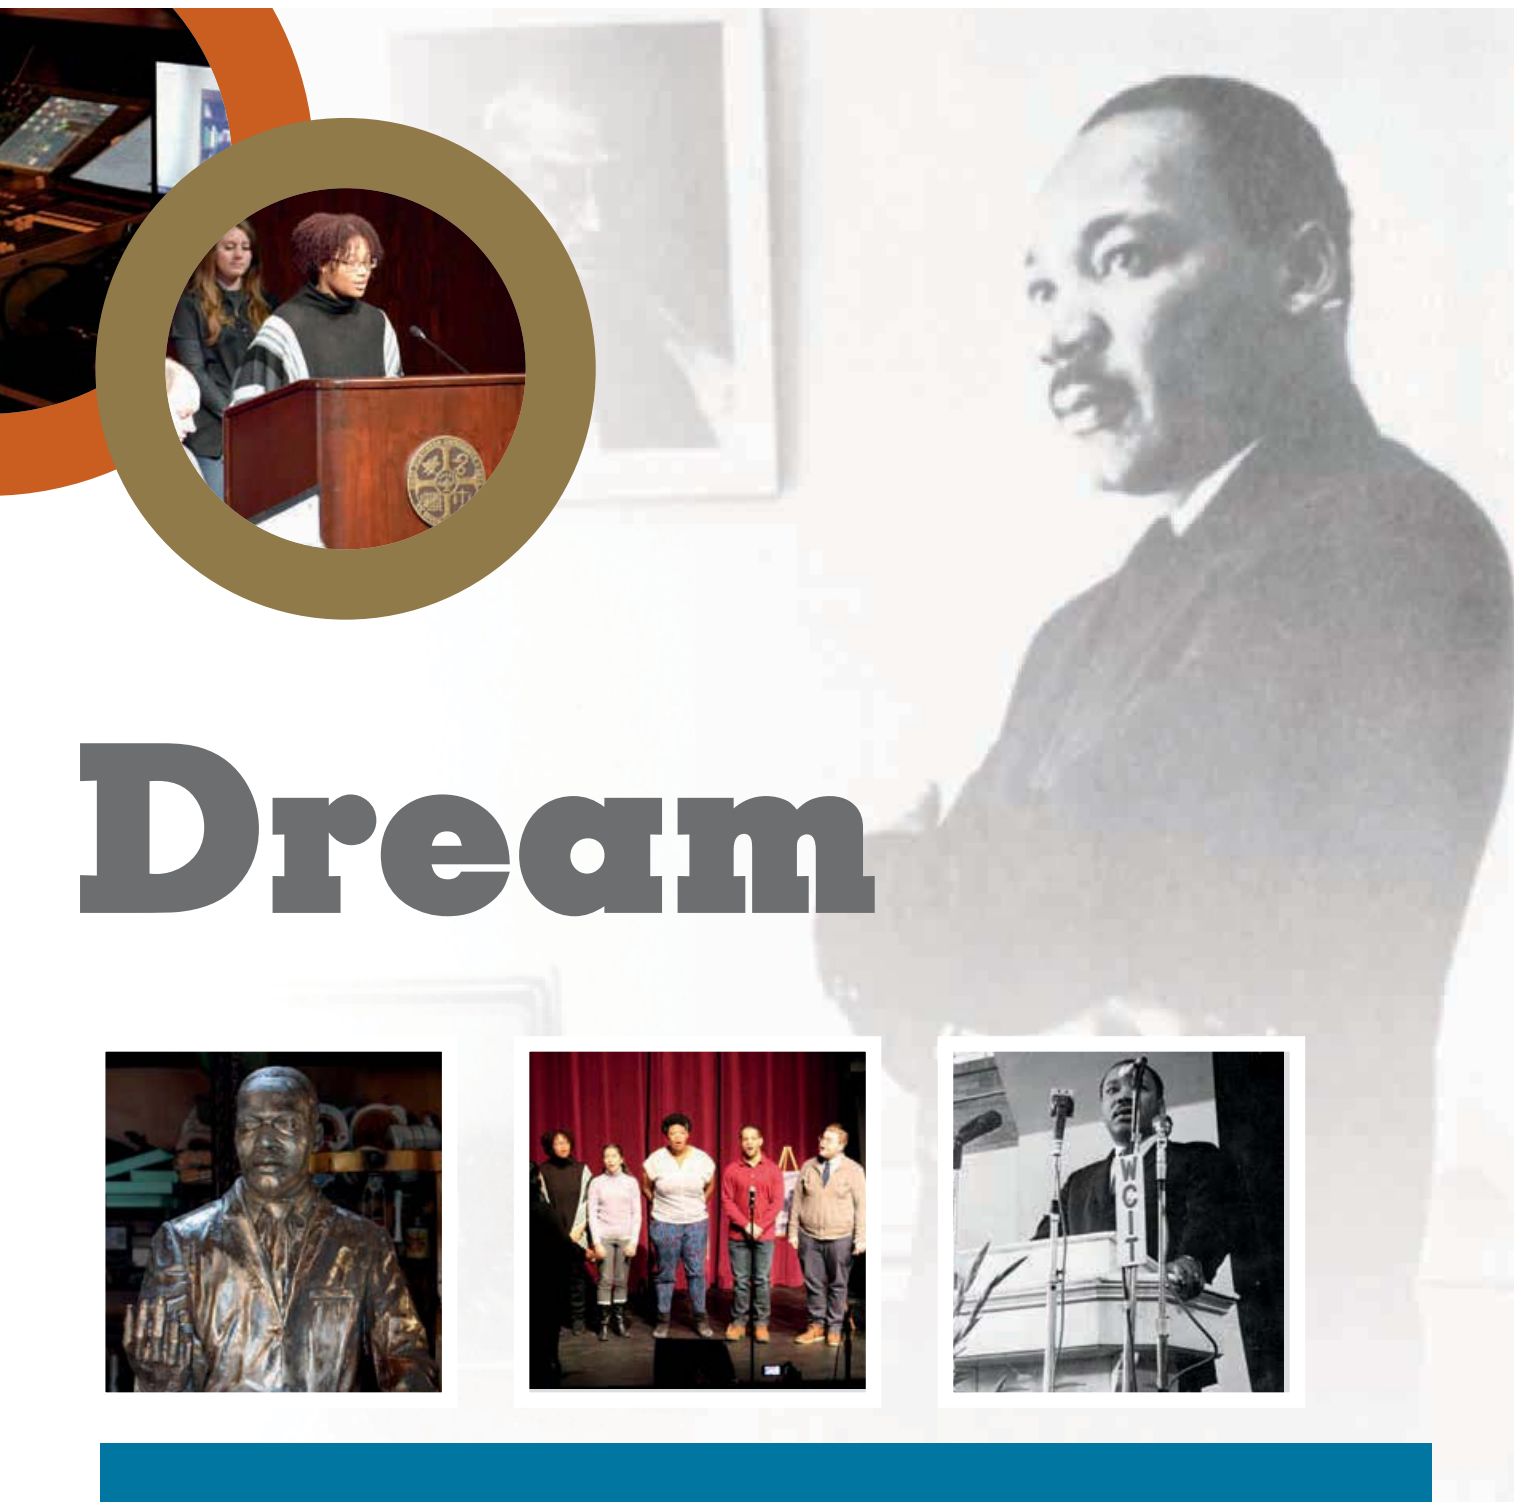

I Have a MLK Dedication

On January 11th, 1968, four days before his 39th birthday and 83 days before his assassination, Rev. Martin Luther King spoke in person to 2,500 people in Taft Hall and an additional 2,000 in Lehr after being convinced by former classmate, ONU Chaplain, Dr. James S. Udy. Despite death threats, trustee pressure, and prohibited use of University funding, Chaplain Udy was able to secure \$1,000 from Panhellenic Council to pay King for his visit. With National Guard ordered by ONU President Sam

Meyer, King was able to begin his speech on Christian Faith and Contemporary Problems. As he described the progress with the Civil and Voting Rights Acts, he eloquently stressed there was much more to come. Many learned and continue to learn a lot from him that day which is a large part in why ONU commemorates his visit every year at MLK Day. I encourage you all to listen to his moving speech on the ONU website that people from all backgrounds can learn from.

Dream

Dr. Martin Luther King Jr.

Born Michael Luther King, Jr., but later had his name changed to Martin. His grandfather began the family's long tenure as pastors of the Ebenezer Baptist Church in Atlanta, serving from 1914 to 1931; Martin Luther attended segregated public schools in Georgia, graduating from high school at the age of fifteen; he received a B.A. degree in 1948 from Morehouse College, a distinguished Negro institution of Atlanta. He studied at Crozer Theological Seminary in Pennsylvania where he was elected president of a predominantly white senior class, he was awarded the B.D. in 1951. He then enrolled in graduate studies at Boston University, completing his residence for the doctorate in 1953 and receiving the degree in 1955 where he met his wife Coretta Scott and had two daughters and sons. In 1957 he was elected president of the Southern Christian Leadership Conference, an organization formed to provide new leadership for the civil rights movement. He was soon to be the youngest recipient of the Nobel Peace prize for his

series of nonviolent protests, boycotts, and arrests. On the evening of April 4, 1968, while standing on the balcony of his motel room in Memphis, Tennessee, where he was to lead a protest march with striking garbage workers of that city, he was assassinated. The United States and Ohio Northern University would not be the same without this courageous individual and in honor of his visit they decided to build a statue monument in honor of him next to Taft Hall at ONU, Winter 2018.

Learning Isn't Just for the Classroom

Study Abroad

Studying abroad is a wonderful opportunity for any student who seeks to develop an interest, understanding and appreciation of other people and a cultivation of a spirit of world citizenship within the university community. The ONU Study Abroad staff put on study abroad fairs throughout the semesters in order

to educate students about the ample options there are when it comes to studying abroad and broaden their international perspectives. ONU is committed to supporting individual and intellectual growth among students and traveling the world is an excellent opportunity to do so. Adventure awaits, Polar Bears!

Hanyang International Summer School

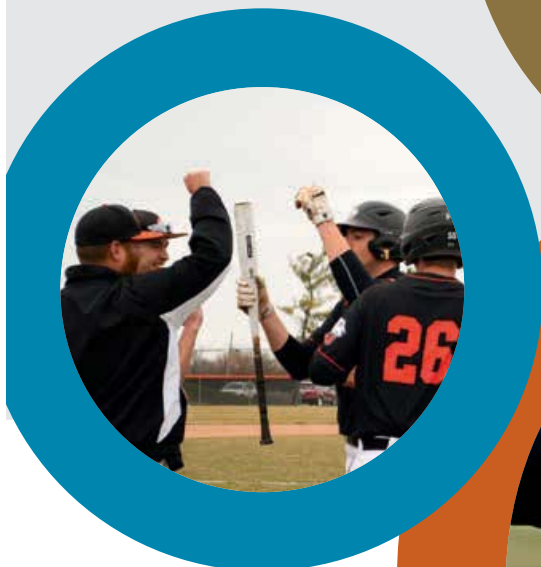

Hanyang University and Ohio Northern have an exchange agreement that includes the Hanyang International Summer School. ONU students are able to study in Seoul, South Korea for low cost and with the opportunity to receive a full scholarship. Gyeongbokgung Palace is arguably the most beautiful, and remains the largest of all five palaces in South Korea. Inside Gyeongbokgung Palace, is the National Folk Museum of Korea. "It is dedicated to studying the folk history of Korea and to collecting artifacts from different Korean regions. Visitors and Koreans both have the opportunity to rent hanbok, or traditional Korean clothing, as they experience Korean life together." said Michaela Loudon, P5. To the left, ONU students are graduating from Hanyang University in Hanbok.

Ball Caps and Baseball

The 2018 season's weather may not have been a home run for the Polar Bear baseball team, but the team's improvement surely was! The bears ended the 2017 season with an overall record of 21-19 and finished 7th in the OAC conference. Although the 2018 season was just getting underway, the team showed promise. Within the first month,

the bears were hitting it out of the ball park with a winning season of 12-6. View the 2018 season's final results at www.onusports.com.

New Club Hockey Team Joins the Club

Brent Ridenour, Cory Lains, Colin Johnson, and Mac Tompkins were just freshman soccer players playing a NHL video game in their spare time. Little did they know they would be starting up a Club Hockey team at Ohio Northern University. After a few years of learning the rules of the game and how to skate, the four boys made it official and received the approval of the Student Senate. They got plenty of interest at Welcome Weekend and decided to join an adult league to test out their skills. Only one member of the current team had ever played competitive hockey before, however the team made a splash at the start of their season and began with a trio of wins. Matt Walker is also a member of the team who has stuck with it from the start. The boys love the environment they play in and continue to learn new things every day!

We Do It For Kicks

Club teams require fancy footwear too!

We Do It For Kicks Club Sports

The many club sports teams on campus have been very busy! Teams range from Ultimate Frisbee to Hockey! Also included are Volleyball, Basketball, Soccer, and Rugby. The Ultimate Frisbee team held a fundraiser by selling custom ONU Tumblers! The Volleyball team has traveled to Dayton, Toledo, and Wright State and has

"You're in for a treat."

-Cory Lains, Senior

competed against some very competitive teams. The Hockey team sold sweatshirts and jerseys as a fundraiser and the Soccer team also traveled and competed against some tough competition including Bowling Green and Oberlin. All the club teams have a great time and encourage everyone to join!

Run Like the

Cross Country

The ONU Men's Cross Country team ran hard this season claiming the Ohio Athletic Conference title for the third consecutive season while holding the title of top 20 for the second year in a row. The men finished fourth overall at the OAC Championships with 5 runners bringing home ALL-OAC honors.

For the 16th consecutive season in a row, the Women's Cross Country team finished in the top half of the OAC standing. With a fourth place finish overall at the OAC Championships, the Lady Bears were proud to send two polar bears to the First Team All-OAC.

Setting the

Freed Center

The Freed Center has been the heart of arts and culture for Ada and Ohio Northern University for many years.

In 1991, the Freed Center opened its doors in honor of Drs.

DeBow and Catherine Freed. The 551-seat Biggs Theater and 136-seat Stambaugh Studio Theater stage multiple shows each

year. The performing arts center also houses the 3,000-watt WOMB radio station, a cable access channel and the

Stambaugh Art Gallery.

Over the years, more than 1,000 productions have been performed

by ONU students and professional companies. From plays, musicals, dance, music and more, the Freed Center sets the stage!

*"They all came together to make a beautiful piece of art."
- Michael Swain-Smith*

Stage

Catapult and the ONU Dance Company

On homecoming day, the ONU Dance Company performed with the Season 8 America's Got Talent Finalist, Catapult. Catapult is a shadow dance company well known for its imaginative combination of story-telling, sculpture, and dance. Catapult and the ONU Dance Company worked behind a screen to create fascinating silhouettes. Together, they fascinated the audience with hundreds of shape transformations and their humorous, emotional, and engaging stories. It was truly a unique experience for all ages!

Fore the Green

Men's & Women's Golf

This season the women's and men's golf teams both welcomed back nine letter winners and

four talented freshman, making for very experienced teams moving into the 2017-2018 seasons. The women's team placed in at least the

top five during the fall invitationals and placed first in the ONU Classic at the beginning of the fall season. Lydia Cranmer, freshman, was named the OAC's Women's Golfer of the Week twice this fall. The men's team was led by Zack Goodchild and Nick Anderson during the fall opening. With not much success in the fall, they, as a whole team, are hoping to turn things around in the spring season and especially during the OAC

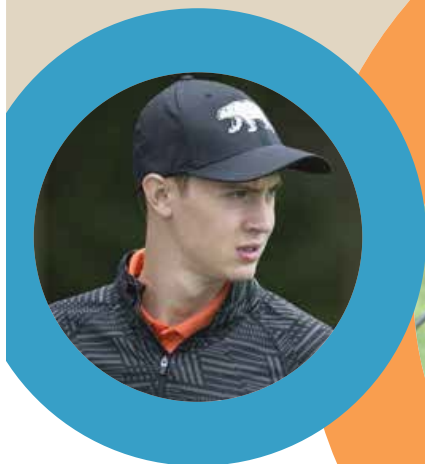

Championship. Coach Bucci raved about both teams coming back for the season

in multiple interviews. ONU's Men's and Women's golf teams had a very successful fall preview and will rightfully continue their successes in the upcoming

spring season and the OAC Championships. Check out the ONU Sports page for spring season statistics.

"Our head coach does so much more than coach golf for me. He's been a wonderful mentor for me to continue golf and life after college."

-Zack Goodchild, Senior

2016-17 golf season -- Named to the GCAA Ping All-Great Lakes Region team, averaged 74.4, an ONU single-season record. Academic All-American. Career-- Career 76.5 average with 6 top five finishes and 17 top ten finishes, career low round of 70 on two occasions

Madison Dramis, Senior

Madison owns a career average of 104.96 for 33.5 rounds She fired a career-low 89 in a dual match with Grace (Ind.) on 10/2/16. And completed with a career-low 36-hole score of 97-95—192 at the Capital Spring Invitational on 4/8-9/17.

Riku Watanabe, Senior

Riku has an 84.6 career average for 26.5 rounds He shot a career-low 79 in the final round of the Defiance Spring Invitational on 4/19/15. Had a career-low 36-hole score of 80-80—160 at the Polar Bear Classic on 4/1-2/17.

Caitlin Silva, Junior

Caitlin has played in all 31.5 rounds in her two seasons at Ohio Northern, career average of 90.92 ranks 9th all-time in ONU women's golf history. Academic All-Ohio Athletic Conference as a sophomore in 2017, career-low 18-hole round of 76.

See the World

ONU officially had 146 international students from 25 different countries in 2016 and 145 students from 23 countries in 2017.

International students can take the English Language Program (ELP) to further proficiency in the English Language. Also an orientation just for international students held both in the spring and fall, assists with the transition to University life in the United States. Through the academic year, students have many chances to experience various fun events, such as Beans and Rice, a trip to grand rapids in Michigan during spring break, multicultural fairs, and international educa-

Face-off the Men's & Women's Lacrosse

Third year women's coach, Beth Hemminger, welcomed back twelve letter winners and nine starters from last year's injury plagued team.

The team is expected to finish 7th in the Ohio Athletic Conference according to the coaches' preseason poll. Now in its third season as a program, the men's team welcomed back all ten starters for the new season. With the return of an impressive thirty-four letterman, the team is expected to finish fourth in the OAC according to the preseason poll. "Our juniors have laid a solid foundation for the program," Coach Matt St. Laurent said. "We have an experienced group of guys that are now older and have

played 30-plus games of college lacrosse. We have three sophomores back as starters and have some incoming freshmen that

will challenge for starting spots. Our goal this season is to establish ourselves as one of the top four teams in the conference and get into the OAC Tour-

"Your team is always there to support you and stand by your side, even through the wins and the losses."

-Jacqui Lohman, Sophomore

nament this spring." With the OAC schedule starting up March 30th, check the ONU Sports web page to check out scores for the rest of this season!

Season

Shannen Larson Van Alstine, Senior

She has played in 31 games and started 30 in goal, has a 9-21 record with 248 saves and a 14.69 GAA

She is also ONU's all-time career leader in saves with 248, in ground balls with 93, in wins with 9, in minutes played with 1,347:56.

Chelsea Cousins, Senior

Chelsea has played and started in all 31 of ONU's games in program history. She is a two-time Academic All-OAC honoree. She is ranked third all-time at ONU with 63 career ground balls and is also among ONU's all-time career top 10 in caused turnovers; draw controls; and free position goals.

P-Bears Get Fit

Physical fitness is a large part of the Polar Bears lives.

Other than the newly renovated cardio room and fitness room, there are a variety of sports, club sports, workout groups, and workout classes that students and faculty alike can participate in. ONU Healthwise conducts classes like pilates, zumba, and STRONG and has separate student and staff sessions to ensure everyone is comfortable and working at a good pace. ONU also has a

Working with an ONU staff volunteer has been a great experience.

I am building my communication skills and making workout adjustments as needed - according to their response to exercise/therapy."

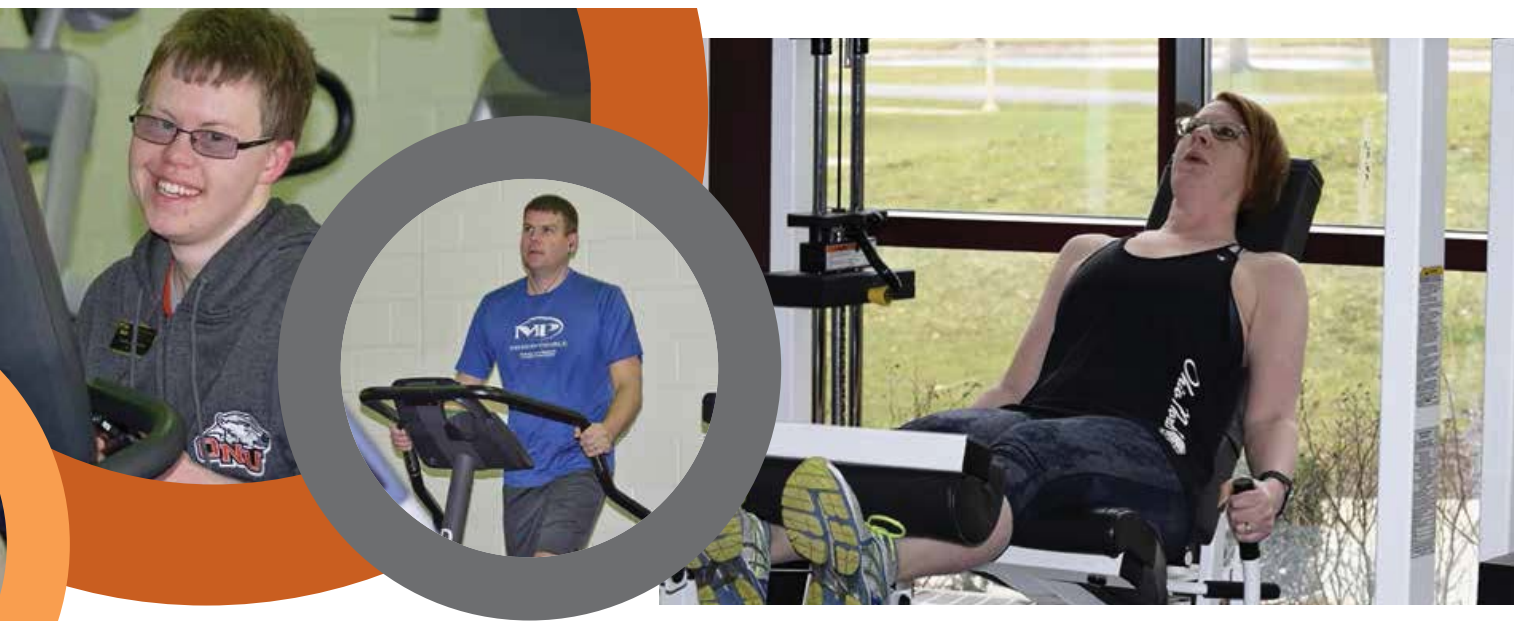

- Janelle Posthuma,
Exercise Physiology Junior

Yoga Club that is open for all students to join where they

meet to do yoga and meditation once a week. ONU PolarFit hosts a fitness competition to determine who is the "fittest bear on campus" in the late spring. In this competition, polar bears compete in pairs and are divided into four group-

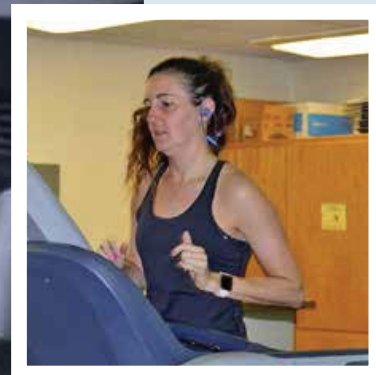

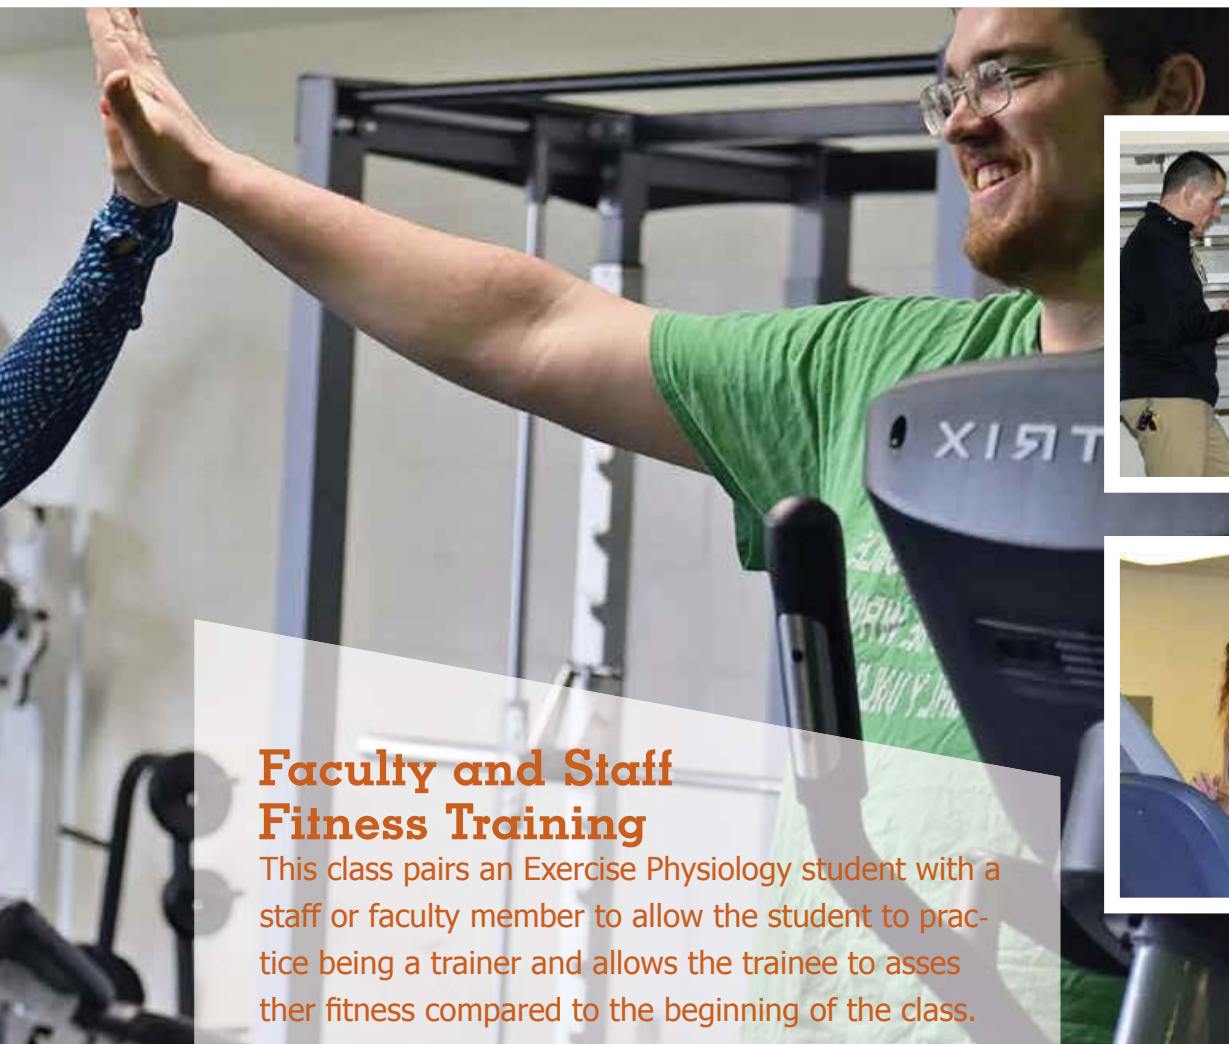

ings. All participants go home with a bag of goodies and a t-shirt and winners receive additional prizes.

Fitness Works

P-Bears Get Fit

Faculty and Staff Fitness Training

This class pairs an Exercise Physiology student with a staff or faculty member to allow the student to practice being a trainer and allows the trainee to assess their fitness compared to the beginning of the class.

Time is Men's and Women's Tennis

The Men's Tennis Team gears up for another successful season under second year Head Coach Mike Bonnell. The team went 11-11 which was good enough for a sixth place conference finish, and the season concluded with an the Ohio Athletic Conference (OAC) Championship quarterfinal loss at the hands of Baldwin Wallace. "We added six guys and they will make an immediate impact on our lineup," said Bonnell. The Women's Tennis Team marked 22-5 overall and 7th

"You are competing for something greater than yourself."

"Your teammates are fighting equally as hard."

- Lynn Kelly, Senior / Women's team captain

straight top-2 finish in the OAC. The Polar Bear women's tennis program have a 127-13 record OAC over last the 16 years

and 13 Academic All-American team awards from the Intercollegiate Tennis Association in the past 16 seasons.

"We are looking for another strong

year 2017-18," said Wills.

Tim Kargl, Junior

Tim is a 2016-17 Honorable Mention All-OAC honoree, paced Northern at No. 1 singles with seven victories. Tim and David were tied for first on the team with 12 victories each in doubles play.

Jake Abbott, Junior

Jake is a 2016-17 Scholar ITA Athlete, which was tied for second on the team with 12 singles victories. He is also an Academic All-OAC honoree get the credit for his efforts on the court and in the classroom.

David Hayman, Junior

David is a 2016-17 Second Team All-OAC honoree. He was one of three ONU players led the team with an overall record of 29-15 and led the team in singles play last season with a team-best 17 victories.

Lynn Kelly, Senior

Lynn is a women's tennis team captain, a two-time All-OAC award winner, 2014-15 and 2016-17, and also an Academic All-OAC honoree. Kelly is 39-11 in singles, 46-11 in doubles and 85-22 overall.

Ashley Ochsenhirt, Junior

Ashley transferred and led the team with a 23-4 singles record, including a 15-2 mark at No. 1 singles, in her first season, also a team-best 23-4 in doubles, and led the squad with a 46-8 overall record.

50 Year

Celebration

Heterick Memorial Library

Best Space for Everyone

The mission of the Heterick Memorial Library is to meet the diverse and changing information needs of the faculty, staff and students of the University by collecting, managing, preserving and providing access to information sources, through library and information literacy instruction, and by fostering an environment conducive to academic inquiry, scholarly communication, creative achievement, and lifelong learning.

The Heterick Memorial Library was born on February 14th, 1968.

Shortly after the library had moved to Presser Hall in 1953, the library moved to the current building it

occupies today. The library was named in honor of Dr. Robert H. Heterick and his wife, Frances Felker Heterick who supported the library. This year the library celebrated its 50th anniversary. Long-time University Archivist Paul Logsdon presented

an “Ada Chat” about the history of Heterick Library.

“We now are 50 years and I’d like to think that Hetericks are here with us at least in spirit.”

*- Mr. Laul Logsdon,
Ada Chat/Former Library Director
and University Archivist*

According to OhioLINK, the Heterick Memorial Library provides patrons with accessibility to a wide range of

resources, has a knowledgeable staff, and a great physical space.

2016 brought new renovations to the first floor of the library reconfiguring the space for an active learning environment to better serve today’s college student. The Oscar J. and Judith D. Mifsud Collaborative Learning Center is student focused with an upgraded computer lab, huddle rooms, group study space, and a food and beverage center.

Zeta Tau Alpha (ZTA) Potatas with Zetas

In the wake of Breast Cancer Awareness month Zeta Tau Alpha had an event each week of October to help raise Breast Cancer Education and Awareness. In addition to a stellar baked & sweet potato bar, the sorority started a Bring Back Your Bra drive to donate all new and gently used bras to Free the Girls Movement. These bras were then given to women who were victims of sex trafficking. Because of their efforts they received a collegiate Crown Chapter Award. They were also honored at the 2018 Omega Awards with both the Philanthropic, and a Bronze Chapter Award for Standard of Excellence.

Go

Greek Life Leaders
Presidents from 2016-2017

Greek or Go Home

Greek life the past few years has developed a culture unlike previous years. Each house has dedicated itself to national service, local comradery, and inclusivity.

"Greek life is much more than bids, pins, and badges. At ONU, it's about giving back."

-Alex Brown, Delta Sigma Phi

has spread outside of IFC and Panhellenic to include social Greek organizations to promote what seems to be an inclusive agenda. This includes plans to add social organizations to ONU's Annual Greek Week.

Ohio Northern University's campus has witnessed organizations teaming up with each other in hosting events, aiding university staff, and welcoming incoming students with open arms. The leadership

Greek life has upped its ante with Greek week taking up various challenges that include Greek Sing, Volleyball, Greek Olympics in April where everyone's welcome.

Phi Gamma Delta (FIJI) Phi Gamma Melta

Phi Gamma Melta was a cheesy success! In October the scholastic fraternity sold four different styles of grilled cheeses and soups in an event that had an overwhelming turnout! All proceeds from this event and many others go to the United Service Organization (USO), Phi Gamma Delta's nationally recognized philanthropy. A nonprofit organization that provides live entertainment and other programs for members of the United Armed Forces. Member Drew Ridgeway says there fraternity promotes five core values: "friendship, knowledge, morality, service, and excellence." Additionally, this event was to extend more than yummy foods to the community but to honor our current soldiers and veterans fighting for our country by informing the community about the aspects of scholarship, fraternity, and self within USO and Greek life.

Greek Takes

Sigma Phi Epsilon's Executive Team
Traveled to Chicago for Carlson Leadership Academy

Care

Fraternity Style

Greek life at ONU has sincerely stepped up its game the past two years in terms of community service and philanthropy. Every house has at least won one Omega Award from their organization and has made a significant impact on student life at the University in their own way.

One main theme of Greek life other than

Three words to describe
ONU Greek Life:
"Compassion, Empathy,
and Love"

-Kyle Woodruff, Phi Gamma Delta

inclusivity has been brotherhood. Each organization has expressed it's all about holding each other accountable, picking each other up when their down, and promoting integrity outside of philanthropy. If you are looking to serve alongside a family away from home, think about joining Greek life because the comradery is real and genuine at ONU.

clubs

Northern Life

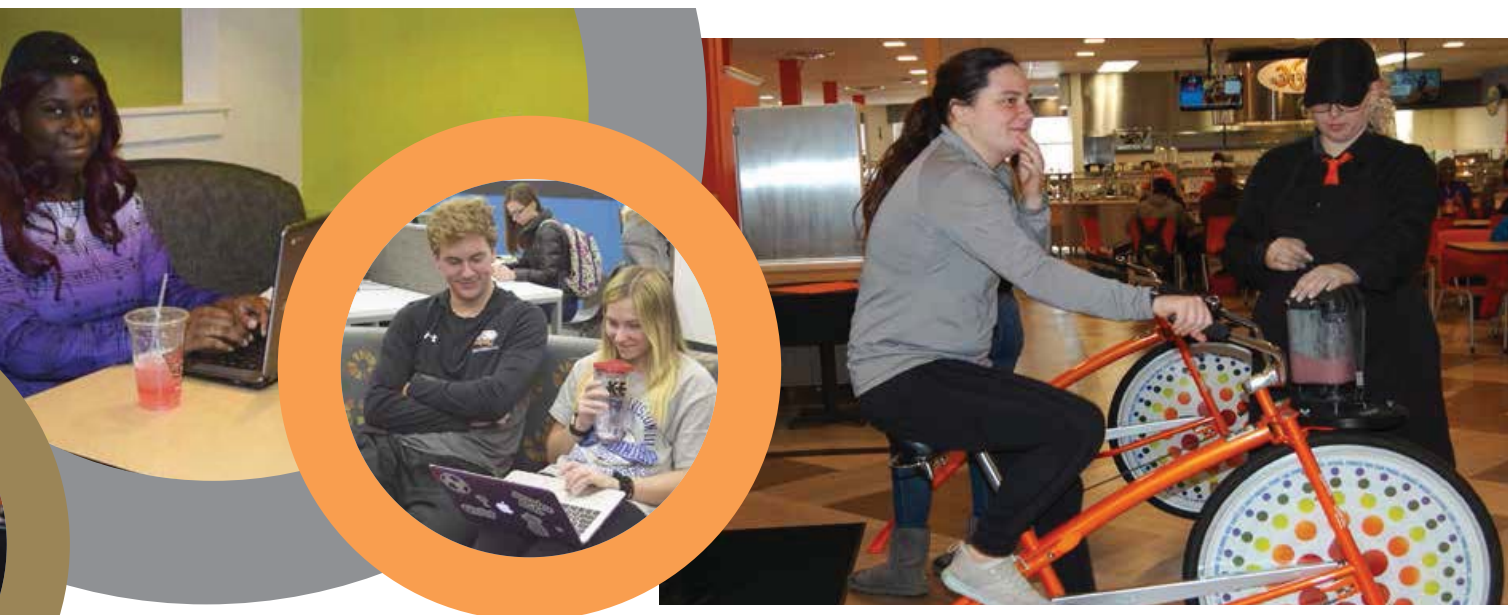

The "Northern Life" is full of fun activities and places to see! Students can visit the dining hall and take part in riding a stationary bicycle to blend their very own smoothie! Students at Northern also have a bite to eat and relax at the WOW Cafe. There are Relay for Life events, fundraisers, and other events throughout the year that students can also take a break from studying and attend. Heterick Memorial Library

"I love the close-knit community full of students and professors who only want what's best for you."

-Gina Grimaldi, Freshman

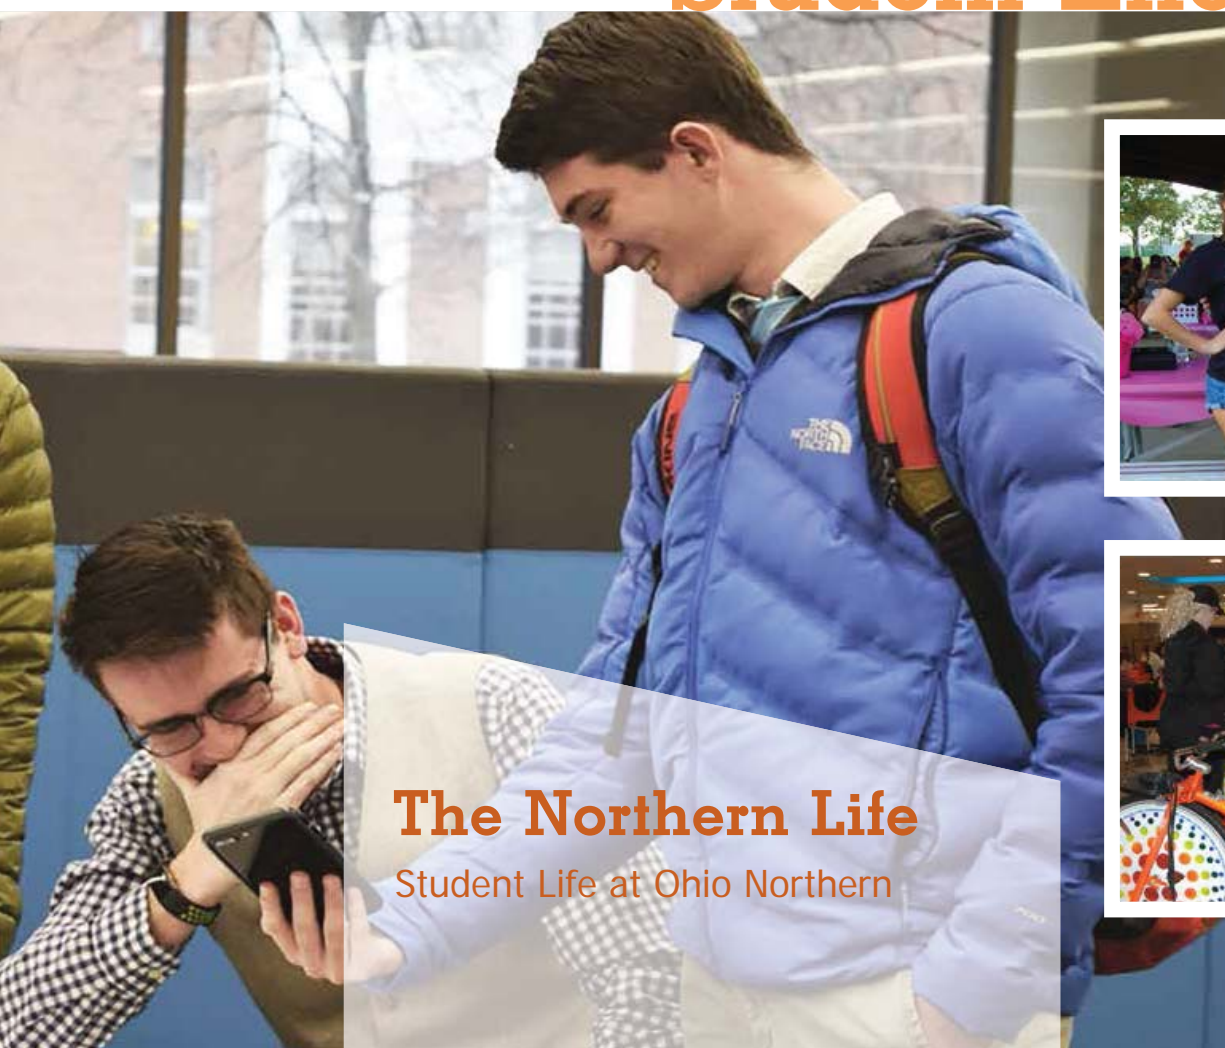

is a great place to visit when you need to buckle down and get some work done, or maybe just to get away from the noisy dorms! Northern also features plenty of sidewalk paths for bike riding and the Kinghorn Athletic Complex for working out, running, lifting, or just playing some intramural sports!

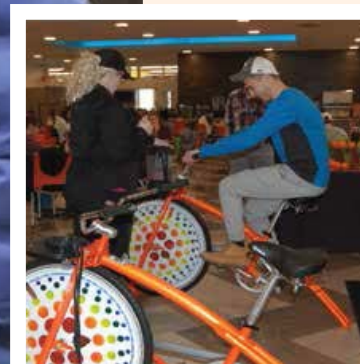

Northern Life

Student Energy

The Northern Life
Student Life at Ohio Northern

Northern Life

continued

The students love cheering on our sports teams, hosting cookouts for charities, and enjoying events put on by our colleges! Events like mud volleyball, Biz Bash, and ZOO to ONU were organized and hosted at Ohio Northern.

Carly Waugh, a Junior at Northern says "Northern is the place I met my best friends, and I wouldn't trade that for anything! The event on campus allow me to meet new people every day and find friends from a wide variety of places."

Ohio Northern is full of fun events, sites to see, and people you will never forget.

Remembering

Founder's Day

Founder's Day is an annual day of giving that encourages university alumni, faculty, staff, parents, and students to come together and support ONU. Junior, Tori Middlebrooks, works as a student caller for Phone-a-thon, an ongoing fundraising team that annually reaches 30,000 alumni, par-

ents, and friends. "For virtually every student at ONU, there is a donor, or donors, supporting them in some way. Donors are what make the University such fertile ground for opportunity and, as Middlebrooks puts it, "the reasons why we are able to come here and follow our dreams." Thank you to all our supporters!

"Founders Day is a day to reflect on this great university. It is a celebration of our past accomplishments and a time to give back and support the bright future of Northern."

- Nicole Neely,
Assistant Director

Our Roots

Professor John G. Park

John Gamble Park joined the university's faculty in its first year of existence to teach English grammar, composition, and logic. He was young and had just finished his education at Henry Solomon Lehr's select school under the authority of ONU's founder. In the early days of the university, the founders were asked to do more than just teach. During his many years servicing our school, he was not only a professor, but also an administrator, a trustee, recording secretary, secretary, librarian, and even the Vice President for 18 years. He married Lida Wilson in 1875, who earned her degree here in 1899. He died March 15, 1914 and is buried in Ada's Woodlawn Cemetery. The east wing of ONU's Founders Hall was christened Park Hall in 1973.

Future Planning

As a student at Ohio Northern University, there comes a point where you begin to plan your future. Whether you are looking for an internship, co-op, or full-time career, Ohio Northern has the tools and people to help. Throughout the year, multiple career fairs are held on campus. Here, students come to meet a large variety of employers face-to-face. Polar Careers also helps students for a successful future. Polar Careers hosts events to teach students the skills needed in order to land

their dream job. Students can perfect their resume, learn proper interview etiquette, and much more without having to leave the comfort

It gives you peace of mind when your college helps you beyond your education.

- Ali Johnson, Senior

of campus. Ohio Northern not only gives you the knowledge you need to succeed, but helps you find your way to where you wish to go.

Career Fair Mingling

Companies and employers set up tables in King Horn looking for prospective employees and share info about their business.

Continuing Education Opportunity

Master of Science in Accounting

The MSA Program provides a highly specialized degree for accounting professionals who want to get ahead in their careers. Set yourself apart through the hands-on curriculum which includes live client interactions, moot court room experience, as well as interactive software training. At Ohio Northern, you will develop the skills, knowledge and experience necessary to accomplish your goals.

The MSA program offers a Forensic Accounting and Audit Services (FAAS Track) Track to develop your skills in forensic accounting, auditing and business valuation—helping you stand out in the job market. It offers a blended format, meaning you'll spend some time on campus, but still have the flexibility to complete your studies online from anywhere. Choose either the 12 month track or the 24 month track depending on what works best with your schedule.

With the MSA program, you'll have the opportunity to earn the additional credit hours required to sit for the CPA exam. You will also be prepared to sit for other professional certification exams that are associated with high salary potential and high demand in the marketplace.

Business

Dicke College of Business Administration is always all about hands-on rigorous learning. The college and faculty work hard to prepare their students with an ethical, analytical, and global mind-set. First-year students look forward to the small classes, the variety of majors, all of the support they have in their first year and how quickly one can make friends here. The seniors like the friends they've made and the business networks they've acquired. Through the capstone experience, seniors come to appreciate

the rigor of the program. Compared to other schools, students may find

"As usual, go to class, and become active. Don't be passive, get out, meet people, join organizations, expand yourself."

- Dean Schakett

our curriculum tough, but well worth it in the end. College of Business students attended career fairs to find jobs in their home towns or seized the opportunity to find work in global job markets. Students have traveled to places like New Zealand or Dubai. Business students have tons of organizations to get involved in, such as, Beta Alpha Psi, for accounting students, Society for the Advancement

of Management (SAM), American Marketing Association (AMA) for marketing students, Society for Human Resource Management (SHRM), and Northern Entrepreneurship Organization (NEO).

Another large group in Dicke is the Student Investment Group. SIG was created to help students learn how to invest by managing a portfolio. The primary mission is to exceed the benchmark in order to donate scholarship

to DCBA students each year. Fall brought Biz Bash, which is the college's biggest annual event, open to all students. It kicked off the year with free food and

ONU helped to teach me how to work on my business instead of in it.

- Alex Marsch, Junior

t-shirts, plus activities including music, a dunk tank, inflatables, corn

hole, and other lawn games. Students from all colleges came out and enjoy this occasion. "This event is the perfect way to start the year and was such a fun way to hang out with and meet new people." said Emma Talley, junior. Another large event put on by the business college are the pitch competitions. This competition was created to provoke the entrepreneurial spirit. The business college works to help their students learn to think on their own, develop relationships, build their network, and have a fantastic time doing it.

For the Culture!

BAΨ, known as the accounting and finance honorary, had a successful annual "Meet the Firms" night. Executive officers: Zach Padden, Ben Neville, Alex Klouvas, and Jack Ellerhorst are pictured with Academic Advisor, Matthew Phillips.

Engineering

Students in the T.J. Smull College of Engineering know that once applied, math and science can be the most exciting fields to be in. Where else would you be able to battle a foot-ball-kicking robot against Notre Dame? Or construct a dune buggy from the ground up that's built to drive through mud and fly through the air? Learning goes beyond the classroom, everything learned is applied to hands on work and projects.

The last four years at Northern has been wonderful. Being an engineering student, everyday was an opportunity to do something new and hands-on, without limits.

- Celeste Kamasa, Senior

You can work to build concrete canoe that defies

logic and floats like a feather. There's also the aero team, where working model planes are built by a team of students for competition.

College of Pharmacy

College of Pharmacy

Ohio Northern University's Pharm (D) program is unique in a way that students are accepted from highschool directly into the program for a total of six years. The doctorate years include completing modules and participating in monthly rotations in pharmacies of their choosing.

This outside experience strengthens the students in their choice of which type of job they desire in the field. This year ONU had a new addition to the Pharmacy College, our own working retail pharmacy. The students and faculty are very excited to have a working pharmacy

on campus. The pharmacy is giving students an opportunity to develop their skills through filling prescriptions and interacting face to face with their clients.

Law

The Claude W. Pettit law program is the founding member of the Ohio League of Law Schools, second oldest law school in Ohio, and has been in the top two programs with the highest bar pass rates in the state.

The program's success has mainly been attributed by the academic support system. With a 6:1 faculty ratio, students have access to advisors, teaching assistances, and personal mentors that

teach and follow students post-graduation.

This close knit structure was one of the reasons the Pettit College of Law was

named a "Best" Law School by the Princeton Review magazine in 2017.

"The Summer Starter Program changed my life."

- Chris Willett, IL

College of Law

Oath of Professionalism

The Hon. Judge Willamowski inducts the
class of 2020 at fall orientation.

College of Law

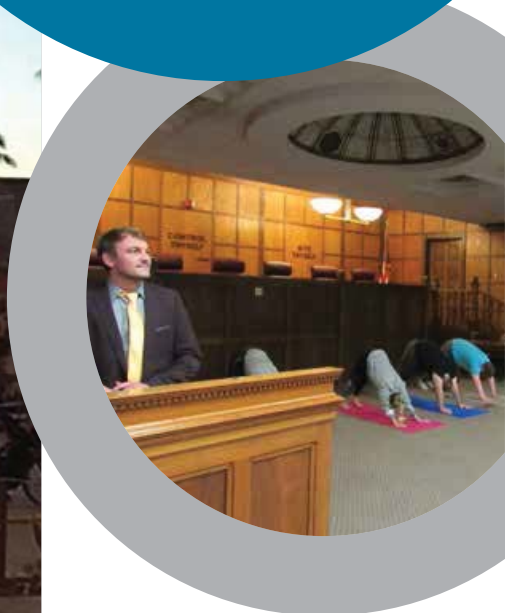

Although law students spend a great deal of time in the library on their studies, they still find the time to engage in many extra-curricular activities. Yoga was introduced as a way for students to handle the stress of classwork. Other activities included student organization fairs, networking activities, and study abroad programs. The student Bar Association (SBA) hosted several fundraisers during the year and Career Services coordinated the Annual Public Interest Auction that raised over \$10,000 to support students

pursuing public service through summer internships.

Distinguished judges and nationally renowned professors came to campus and spoke to the students. Alumni judges received invitations to judge the students in oral argument and moot court competitions. The alumni judges sit on the bench in over 16 states with some continuing on to become legislators. The students are thankful for the time these alumni spend giving back to the Law School.

In addition to the law programs long standing record of accomplishment and tremendous academic impacts on the state level, law students have spread their curiosity and skills all across the globe. Our Criminal Procedure Moot Court team had an impressive showing in New Jersey; Professors Ward and Anderson took students to Kosovo, Professor Hill and students traveled to Cambodia; and the Icelandic Legal Exchange Program all promoted the understanding of differences in legal systems.

"Diversity is a core foundation to this law school"

-Florent Emini, LLM, Kosovo

Celebrating of Andreyka

We celebrate the life of Andrey Maria Grzegorzewski who left this earth on January 19, 2018 surrounded by family and friends. Andrey's life journey began on March 29, 1997 when her parents, Terry and Teresa (Wiseman) Grzegorzewski, gave birth to the most amazing human being in the world. Their unconditional love for their daughter is obvious to all who

know them. Andrey was a beloved student of many teachers and professors at Bryan City Schools and Ohio Northern University. She majored in Computer Science at ONU. She was proud to hold a 4.0 GPA, and blessed the world with her love of music. Andrey was an accomplished pianist and an amazing percussionist. She

travelled far and near to share her musical gifts and made many friends along the way. Andrey had the opportunity to play in a 43-day National Tour traveling to various states and playing in numerous venues. She worked hard at everything that she put her mind to and was passionate about achieving her goals, whether it be academically or musically.

the Life

I have fought the good fight, I have finished the race, I have kept the faith. Now there is in store for me the crown of righteousness, which the Lord, the righteous judge, will award to me on the day - and not only to me, but also to all who have longed for his appearing.
- 2 Tim. 4:7-8

Andrey brought her sparkling personality to the bass drum line and marching band.

Trustee Bob Kerscher passed away on Thanksgiving Day, after years of a valiant fight against prostate cancer. He attended Ohio Northern University in Ada, Ohio, studying business and graduating with a Baccalaureate degree in 1970. While attending ONU, Bob established life-long relationships through his association with Sigma Phi Epsilon. He married his high school sweetheart, Barbara, on June 27, 1970. Bob's love of Northern, his strong belief in the transforming power of

Celebrating of Robert K.

education, and his leadership success in business were attributes that he shared with the University during his time as a member of our Board of Trustees from 2003-2017. He was a very engaged Board member and rarely missed a meeting. Bob's greatest success in business was founding and leading Lexi-Comp, a firm that created custom books for clinical hospital laboratories and became an industry leader, evolving into a major medical reference and custom publisher worldwide.

It's diverse information database enabled clinicians to make informed decisions to enhance patient care. He was named the Entrepreneur of the Year by Ernst and Young in 2004, and The Plain Dealer named Lexi-Comp one of the "best places to work" in Northeastern Ohio in 2010 and again in 2011. Bob and his wife Barbara were generous to Northern - providing scholarships to support students who would not otherwise be able to afford an ONU education, expanding facilities to support athletic program growth,

as in Kerscher Stadium, and initiating the McIntosh Center renovations by funding Klondike's Den- to cite a few examples. Bob will be greatly missed. His genuine humility, his passionate interest in helping others, and his love of our University are among his enduring legacies, the memories of which serve to comfort all of us who were blessed to know him.

the Legacy Kerscher

The epitome of a family man, despite the many prestigious titles he held over the years, the title he was most proud of was "Papa."

Dr. Sheridan received his B.A. in physics from Hiram College in 1983, graduating summa cum laude, with honors. He earned his Ph.D. in experimental plasma physics from Dartmouth College in 1987. A member of the ONU faculty since 2002, Dr. Sheridan taught Physics classes, as well as Analytical Mechanics, Electricity & Magnetism and Statistical Mechanics. His research area was plasma physics. Though his work was truly world class, he believed strongly in undergraduate research. Throughout the years Dr. Sheridan and his students presented their research at numerous regional conferences and published articles in the top physics journals. His scientific productivity was remarkable, totaling more than 100 papers published in respected

journals such as *Physics of Plasmas*, *Physical Review Letters* and *Physical Review*, the second two being the gold standard in physics. He has been cited more than 2,500 times in more than 1,500 articles. He had 29 publications from research completed at ONU. His academic awards and honors include Phi Beta Kappa (liberal arts), Sigma Pi Sigma (physics), Sigma Xi (research), and Omicron Delta Kappa (leadership). He was such an excellent colleague with a fun and clever sense of humor. "We have lost a singular individual. Terry was an extremely knowledgeable and creative physicist and certainly one of the best researchers on campus. He was also an invaluable mentor who helped students excel at the highest level." –Dr. Mellita Caragiu.

Dr. Sheridan, Enriched the lives

Dr. Jo Ann Scott

Dr. Jo Ann M. Scott passed away September 25 after a brief illness. Jo Ann began teaching at Ohio Northern University in 1987 and retired as a full professor in 2015. She loved ONU and left her mark on the Department and Ohio Northern in a number of ways. Her most noteworthy accomplishments include the creation of the Criminal Justice major at ONU as well as establishing and coaching the Mock Trial team on campus for many years. During her time as Mock Trial coach, the ONU team was nationally ranked. She was also a founding member and served on the Board of Directors for the American Mock Trial Association for many years. She was recognized for her service with that organization by being named the Advisor of the Year multiple times. During national elections, Dr. Scott would often be called upon by local television news programs for her opinion. She was respected by all who knew her. Her legacy is strong and will not be forgotten.

Dr. Stephen G. Hoag

Dr. Stephen G. Hoag, former dean of the Raabe College of Pharmacy at ONU. Dr. Hoag served as dean from 1987 to 1983 Son, husband, father, grandfather, pharmacist, professor, dean, provost, golfer, curler, sailor and friend. All of these are titles he wore well and left behind on October 16, 2017 when his long journey with Alzheimer's disease ended and he became one with the universe. He was a graduate of East High School, North Dakota State University BS in Pharmacy and Purdue University MS and Ph.D. in Clinical Pharmacy. He was born to Leverett and Helga Hoag May 13, 1944 who preceded him in death. He married Jill Moberg on 6/19/1965 in Gloria Dei Lutheran Church and shared 52 glorious years of living and loving with her. His professional life was spent in academia first as a professor then Dean (at several universities) and Provost. He possessed all the qualities that made him successful in his profession. He was humble, dedicated, generous, trustworthy, kind, loyal, honest and filled with integrity. He was a gentleman, respected by all who knew him. He relished and embraced the many successes of his family, faculty and colleagues. His accomplishments were varied and many. He lived his life well. He will be profoundly missed by his wife Jill, son Arthur Leverett (Amy) grandchildren Stephen Donald and Rivers Ann, son Joel Stephen (partner Kay Kojima), sister Elin (Dan) Cadmus, brothers David (Julia) Hoag and Donald (Jo Ann) Hoag and many beloved nieces and nephews. He was never happier than when he was at the helm of his sailboat Aerandir with his family aboard.

Janet Lee Crawford

Janet Lee Crawford, age 66, died on Friday, December 8, 2017 Lima Memorial Health System. She was born on April 26, 1951 in Kenton, Ohio to the late Walter R. "Scotty" and Eleanor J. (Latimer) Scott. On June 16, 1973 Janet married Robert "Bob" Crawford and he survives in Ada. Janet began working at Ohio Northern University in 1969 for the Office of Admissions. She spent most of her career at ONU in the Office of Financial Aid, retiring on July 31, 2009. She retired to enjoy time with her grandsons. Janet returned to ONU as a part-time Switchboard Operator and currently her role was part-time Administrative Assistant in the Office of Advancement. She was a graduate of Ada High School class of 1969. Janet was a member of the Ada VFW Post #9381 Auxiliary. She enjoyed spending time watching her grandsons play sports.
